INTRODUCED BY SEN. JINGGOY EJERCITO ESTRADA

EXPLANATORY NOTE

Article 2 Section 17 of the Constitution provides that, "The State shall give priority to education, science and technology, arts, culture, and sports to foster patriotism and nationalism, accelerate social progress, and promote total human liberation and development."

The quality of education depends primarily on the quality of our teachers. Hence, the government must expend efforts to encourage talented individuals interested in teaching to maintain their interest. This can be done by raising the status of the teaching profession, through increased recognition and professional opportunities for teachers, so that the best teachers remain in the classroom and talented individuals are attracted to teaching.

The purpose of this bill is to establish a teacher corps program to strengthen the teaching profession.

Immediate approval of this bill is earnestly sought.
