EXPLANATORY NOTE

The Concepcion District Hospital has had a bed capacity of fifty for the past 18 years now, since it was increased from twenty five beds through virtue of Republic Act 7224 in 1992. It has been over 18 years since that time and the population of Concepcion has increased significantly. The meager 50 beds is not nearly enough to address the number of patients serviced by the hospital.

Aside from the residents of Concepcion, the hospital also provides medical assistance, treatment and services emergency cases from neighboring municipalities such as La Paz, Capas and Bamban. Pursuant to of public service through legislation, I believe it is high time that we pass this bill in order to alleviate the plight of our needy fellowmen in Tarlac.

For the reasons stated above, the passage of this measure is urgently sought.
