SENATE
Senate Bill No. 2778

RECEIVED BY: 

Introduced by *Senator Lacson*

EXPLANATORY NOTE

This bill aims to declare the conferment of a doctorate degree equivalent to entry level Career Executive Service Officer eligibility in the civil service.

Section 3, B, Article IX of the 1987 Constitution provides:

"The Civil Service Commission, as the central personnel agency of the Government, shall establish a career service and adopt measures to promote morale, efficiency, integrity, responsiveness, progressiveness, and courtesy in the civil service. It shall strengthen the merit and reward system, integrate all human resources development programs for all levels and ranks, and institutionalize a management climate conducive to public accountability..."

It envisions that appointments in the civil service be made only according to merit and fitness to be determined by competitive examination, except those positions which are policy determining, primarily confidential or highly technical.

Pursuant to this, the Commission regularly conducts professional and sub-professional examinations all over the country. With regard to executive positions in the civil service, appointments and promotions thereto require a Career Executive Service Officer eligibility.

By virtue of Republic Act No. 1080, the bar examinations and the examinations given by the various boards of examiners of the Government are declared as civil service examinations. Hence, those who passed these examinations may be appointed into the civil service without the necessity of passing the civil service examinations, except those positions requiring highly specialized knowledge not covered by the ordinary board examinations.

This bill aims to grant the same if not a more fitting privilege to holders of doctorate degrees recognizing their educational competence and fitness for appointment or promotion to executive positions in the civil service by reason of their having completed post graduate studies which is equivalent, if not more than passing the bar or board examinations. This is to grant them, many of whom are academicians, the equal opportunity with CESO holders in terms of growth and career advancement in the civil service.
