S. No. 555

INTRODUCED BY HON. MANUEL B. VILLAR JR.

EXPLANATORY NOTE

The constitutionally protected of speech and of association are rights which are primarily exercised in institutions of higher learning. The youth, particularly students in colleges and universities should be exposed to this right. However, the very institutions which should encourage the exercise of these rights are main suppressors.

This bill seeks to provide further safeguards for the exercise of the cherished constitutional rights free speech and association by students in institutions of higher learning by terminating government financial assistance to certain government funded programs or activities received by such educational institutions for violation of these rights.
