SENATE
S. No. 1565

RECEIVED BY: *ju*

Introduced by Senator Miriam Defensor Santiago

EXPLANATORY NOTE

This bill is intended to require every cable television (CATV) company providing CATV reception service to subscribers in the country to disclose the cost of each component of a bundled package of CATV programming services including, but not limited to, the amount of any discount attributable to a subscriber's purchase of a bundled package as compared to the cost of each component if purchased separately from the CATV company.

Although there is no law which fully regulates the rates charged by CATV companies, the purpose of this bill is to require disclosure by CATV companies of the relative cost of components of a bundled package of CATV programming services purchased by subscribers so that subscribers understand how the cost of the bundled package is calculated.*
