SENATE  
S. No. 1745

RECEIVED BY: *js*

Introduced by Senator Miriam Defensor Santiago

EXPLANATORY NOTE

Republic Act No. 8293, also known as the Intellectual Property Law, Part IV on the Law on Copyright, Chapter 10, Section 193, provides:

“Scope of Moral Rights. The author of a work shall, independently of the economic rights in Section 177 or the grant of an assignment or license with respect to such right, have the right:

X X X X

199.3. To object to any distortion, mutilation, or other modification of, or other derogatory action in relation to, his work which would be prejudicial to his honor or reputation; and

199.4. To restrain the use of his name with respect to any work not of his creation or in a distorted version of his work.”

The integrity of a motion picture is comprised and diminished when the motion picture is sold, leased, or exhibited in a materially altered form. As a result, the reputation of the author of a motion picture may be harmed when the original work is sold, leased, or exhibited in a materially altered form.

This bill requires that each public exhibition of a materially altered motion picture, and each copy of a materially altered motion picture offered to the public through sale or lease (including its film packaging), shall include a label which clearly and conspicuously discloses certain information. The disclosure procedure would guarantee the rights of the author under the cited provision of R.A. No. 8293, and also protects the public from being misled.\*

25 SECTION 4. *Film Disclosures Required.* -

26 (A) Each public exhibition of a materially altered motion picture, and each copy of a  
27 materially altered motion picture, offered to the public through sale or lease (including film  
28 packaging), shall include a label which clearly and conspicuously discloses the following:

- 1 (1) The film has been materially altered from the form in which it was first  
2 released to the public;
- 3 (2) The nature of the alteration; and
- 4 (3) The fact of objection, if any, by the artistic authors of the motion picture to  
5 any such alternation.

6 (B) Any distributor or network that proposes to exploit a materially altered film in the  
7 manner set forth in the preceding paragraph shall --

- 8 (1) Make a good faith effort to notify in writing and by registered mail and in a  
9 reasonable amount of time prior to such exploitation those individuals  
10 described in Section 3(B);
- 11 (2) Determine the objections of any individuals so notified to any specific  
12 materials alteration of the motion picture;
- 13 (3) Determine the objection of any individual so notified by the questionnaire  
14 set forth in paragraph (H) to any type of future material alterations which are  
15 in addition to those specifically proposed for the motion picture to be  
16 exploited;
- 17 (4) Include or affix the label required under paragraph (A) prior to the public  
18 performance of a materially altered motion picture already in distribution or  
19 the initial distribution of a materially-altered motion picture to any exhibitor  
20 or retail provider of motion pictures intended for home use; and
- 21 (5) In the event of affirmative objections by the artistic author to any future  
22 material alterations, include or affix such objections to any copy of a motion  
23 picture distributed or transmitted to any exhibitor or retail provider.

24 (C) Whenever a distributor or network exploits a motion picture which has already  
25 been materially altered, such distributor or network shall not be required to satisfy the  
26 obligations set forth in paragraph (B) (1), (2), and (3), if --

- 27 (1) Such distributor or network does not further materially alter such motion  
28 picture; and

1 (2) Such motion picture was materially altered by another distributor or network  
2 that complied fully with all of the obligations set forth in subsection (2).

3 (D) The requirement of a good faith effort under subparagraph (B)(1) is satisfied if a  
4 distributor or network that has not previously been notified by each individual in Section 3(B):

5 (1) Requests in writing the name and address of each such individual from the  
6 appropriate Professional Guild Registry, indicating a response date of no  
7 earlier than thirty (30) days following the date of the request, by which the  
8 appropriate professional guild must respond; and

9 (2) Upon receipt of such information from the appropriate professional guild  
10 within the time specified in the request, notifies each such individual  
11 reasonably in advance of the date upon which the motion picture is to be  
12 released into any secondary market.

13 The notice to the artistic author shall contain a specific date, no earlier than thirty (30)  
14 days following the date of such notice, by which the individual so notified shall respond. Failure  
15 of the artistic author or the appropriate professional guild to respond within the time period  
16 specified shall relieve the distributor or network of all liability under paragraph (B) (except for  
17 clause (4) of such paragraph);

18 (E) The obligations of an exhibitor shall be limited to --

19 (1) Broadcasting, cablecasting, exhibiting, or distributing all labels required  
20 under this section in their entirety as included with or distributed by the  
21 network or distributor of the motion picture; and

22 (2) Including or affixing a label as described in paragraphs (E) and (G) on a  
23 materially altered motion picture as required under paragraph (1)(A) for any  
24 material alterations performed by the exhibitor to which the individuals  
25 described in Section 3(B) have objected through the questionnaire procedure  
26 described in paragraph (1)(B)(iii).

27 (F) The provisions of this paragraph shall apply with respect to motion pictures  
28 intended for home use through either retail purchase or rental, except no requirement imposed

1 under this paragraph shall apply to a motion picture which has been packed for distribution to  
2 retail providers before the effective date of this section.

3 The obligations of a retail provider of motion pictures intended for home use shall be  
4 limited to including or distributing all labels required under this section in their entirety as  
5 affixed or included by a distributor or network.

6 (G) There shall be no consideration given in exchange for an artistic author's waiver  
7 of any objection or waiver of the right to object under this subsection.

8 (H) Any artistic author of a motion picture publicly exhibited or offered to the public  
9 through sale or lease within the Philippines who believed he is or is likely to be damaged by a  
10 violation of this subsection may obtain appropriate relief with respect to any violation of this  
11 paragraph without regard to the nationality or domicile of the artistic author.

12 In any action under the preceding paragraph, the court shall have power to grant  
13 injunctions, according to the principles of equity and upon such terms as the court may deem  
14 reasonable, to prevent the violation of any right of an artistic author. Any such injunction may  
15 include a provision directing the defendant to file with the court and serve on the plaintiff within  
16 thirty (30) days after the service on the defendant of such injunction, or such extended period as  
17 the court may direct, a report in writing under oath setting forth in detail the manner and form in  
18 which the defendant has complied with the injunction. Any such injunction granted upon  
19 hearing, after notice to the defendant –

20 (1) May be served on the parties against whom such injunction is granted  
21 anywhere in the Philippines where they may be found; and

22 (2) Shall be operative and may be enforced by proceedings to punish for  
23 contempt, or otherwise, by the court by which such injunction was granted,  
24 or by any other court in whose jurisdiction the defendant may be found.

25 When a violation of any right of an artistic author shall have been established in any civil  
26 action arising under this section, the plaintiff shall be entitled to the remedies provided by law.

27 In any action under the first paragraph, the court may order that all film packaging of a  
28 materially altered motion picture (including film packages of motion pictures intended for home

1 use through either retail purchase or rental) that is the subject of the violation shall be delivered  
2 up and destroyed.

3 No action shall be maintained under this subsection unless it is commenced within one  
4 (1) year after the claim accrues.

5 (I) Any disclosure requirements imposed under a law respecting the material  
6 alteration of theatrical motion pictures are preempted.

7 (J) To facilitate location of a potentially aggrieved party, each individual identified in  
8 Section 3(B) may notify the copyright owner of the motion picture or, as appropriate, one or  
9 more of the organizations maintaining a Professional Guild Registry. These organizations may  
10 maintain a current registry of persons so notifying them and may make available such  
11 information in their possession to facilitate the location of any individual so registered for  
12 purposes of paragraph (A)(2). No cause of action shall accrue against any of the professional  
13 guilds listed in such section for failure to provide information pursuant to paragraph (A).

14 (K) A label for a materially altered version of a theatrical motion picture intended for  
15 public performance or home use shall consist of a panel card immediately preceding and adjacent  
16 to the commencement of the motion picture, which bears one (1) or more of the following  
17 statements, as appropriate, in legible type and displayed on a conspicuous and readable basis:

18 "THIS FILM IS NOT THE VERSION ORIGINALLY RELEASED.  
19 \_\_\_\_\_ mins. and \_\_\_\_\_ secs. have been cut [or, if appropriate, added]. The  
20 [insert, if appropriate: heirs of the] director, \_\_\_\_\_, and [insert, if  
21 appropriate the heirs of the] screenwriter, \_\_\_\_\_, object because  
22 this alteration changes the narrative and/or characterization. It has (also) been  
23 panned and scanned. The director and [insert, if appropriate: the heirs of the]  
24 cinematographer, \_\_\_\_\_, object because this alteration removes  
25 visual information and changes the composition of the images. It has (also) been  
26 colorized. Colors have been added by computer to the original black and white  
27 images. The director and cinematographer object to this alteration because it  
28 eliminates the black and white photography and changes the photographic images

1 of the actors. It has (also) been electronically speeded up (or slowed down). The  
2 director objects because this alteration changes the pace of the performances.”

3 A label for a motion picture that has been materially altered in a manner not described by  
4 any of the label elements set forth in the preceding paragraph shall contain a statement similar in  
5 form and substance to those set forth in the preceding paragraph which accurately describes the  
6 material alteration and objection of the artistic author.

7 (L) A label for a motion picture which has been materially altered in multiple ways,  
8 or of which an individual served as more than one (1) artistic author, including the principal  
9 director and principal screenwriter, need only state the name of the artistic author once, in the  
10 first objection of the artistic author so listed. In addition, a label for a motion picture which has  
11 been materially altered in multiple ways needs only state once, at the beginning of the label:

12 “THIS FILM IS NOT THE VERSION ORIGINALLY RELEASED.”

13 (M) A label for a film package of a materially altered motion picture shall consist of –

14 (1) An area of a rectangle in front of the package which bears, as appropriate,  
15 one (1) or more of the statements listed in paragraph (K) in a conspicuous  
16 and legible type in contrast by typography, layout, or color with other  
17 printed matter on the package; and

18 (2) An area of a rectangle on the side of the package which bears, as  
19 appropriate, one (1) or more of the statements listed in paragraph (K) in a  
20 conspicuous and legible type in contrast by typography, layout, or color with  
21 other printed matter on the package.

22 (N) The questionnaire required under paragraph (A)(2) shall consist of the following  
23 statement and related questions:

24 “In order to conform [insert name of motion picture], of which you are an  
25 'artistic author' (or the heir thereto), to ancillary media such as television, airline  
26 exhibition, video cassettes, video discs, or any other media hereafter developed,  
27 do you object to:

28 (1) Editing (purposeful or accidental deletion or addition of program  
29 material)?

1 Yes / No

2 (2) Time compression/time expansion/lexiconing?

3 Yes / No

4 (3) Panning and scanning?

5 Yes / No

6 (4) Colorization, if the motion picture was originally made in black and  
7 white?

8 Yes / No

9 (5) If the artistic author of the motion picture listed above is deceased or  
10 incapacitated, are you the heir of the artistic author?

11 Yes / No"

12 SECTION 5. *Penalties.* – Any person who shall violate the provisions of this Act shall be  
13 subject to a fine of not less than Five Thousand Pesos (P5,000.00) but not more than Twenty  
14 Thousand Pesos (P20,000.00), or imprisonment of not less than three (3) months but not more  
15 than six (6) years, or both, at the discretion of the court.

16 SECTION 6. *Separability Clause.* – If any provision or part hereof is held invalid or  
17 unconstitutional, the remainder of the law or the provision not otherwise affected shall remain  
18 valid and subsisting.

19 SECTION 7. *Repealing Clause.* – Any law, presidential decree or issuance, executive  
20 order, letter of instruction, administrative order, rule, or regulation contrary to or inconsistent  
21 with the provisions of this Act is hereby repealed, modified, or amended accordingly.

22 SECTION 8. *Effectivity Clause.* – This Act shall take effect fifteen (15) days after its  
23 publication in at least two (2) newspapers of general circulation.
