S. No. 624

INTRODUCED BY HON. MANUEL B. VILLAR, JR.

EXPLANATORY NOTE

The attached bill seeks to recognize physical therapy as a separate and distinct profession from occupational therapy. Thus the bill seeks to create the Board of Physical Therapy which will be tasked to maintain high professional, ethical and technical standards. In addition, the bill also provides the Council for the Council of Physical Therapy Education which shall be a policy-making body charged with standardizing physical therapy education.

In general, the proposed amendments are geared towards making the law more appropriate to present physical therapy practice in the country to enable them to provide quality rehabilitation service to more Filipinos. It also aims to improve the quality of physical therapy education provided by schools.

To assist the PPTA to professionalize its ranks and to encourage present and future physical therapy students to push on their chosen field of study, the early passage of this bill is recommended.
