S. No. 627

RECEIVED BY: *Belu*

INTRODUCED BY HON. MANUEL B. VILLAR, JR.

EXPLANATORY NOTE

Autism is a developmental disability that has yet to be fully known and understood in the Philippines.

The government's attempt in 1997 to improve the total well-being and integration into mainstream society of autistic individuals have been found wanting.

Undeniably, addressing the needs of autistic individuals would require political will to effect a comprehensive and integrated plan for autism.

This bill seeks to establish a center for autism which will specifically focus on the needs of children and adults with autism, which hopefully will enable them to be productive members of society.

In view of the foregoing, early passage of this bill is earnestly sought.
