s. BILL NO. 2149

RECEIVED BY. \_\_\_

## Introduced by Senator SONNY M. ANGARA

### **Explanatory Note**

This bill seeks to amend Section 24 of the National Internal Revenue Code of 1997, as amended, by adjusting the individual income tax brackets and reducing the rates of individual income tax beginning January 1, 2015.

The bill is part of a twin measure to reduce the country's income tax rates for individuals and corporations in preparation for the Association of South East Asian Nations (ASEAN) Integration. This legislative measure is consistent with the Philippine commitment to the 10-member ASEAN Economic Community (AEC) Blueprint, which seeks to transform ASEAN into a single market and production base by December 2015. The AEC shall be guided by five (5) core elements, such as free flow of goods, free flow of services, free flow of investment, freer flow of capital, and free flow of skilled labor.

While the ASEAN Blueprint does not mandate member countries to amend their income tax schedules, it is highly expected that human capital would flow to where it could earn best. Next to Thailand and Vietnam, the Philippines has the highest top rate at 32-percent. When the AEC Declaration was signed in 2007, some member-states began to lower their corporate and individual income tax rates, with further reductions in the subsequent years.

In order for the Philippines to attract human capital and to prevent the migration of our own, it is imperative that we reduce the existing income tax rates while maintaining the progressivity of our income tax system, as mandated by the 1987 Philippine Constitution.

The current individual income tax bracket has been unchanged since 1997 until today when the consumer price index (CPI) has almost doubled already. In order to buffer the revenue impact of the individual income bracket adjustments and the reduction of individual income tax rates, this bill spreads the reduction over a period of three (3) years.

In view of the foregoing, immediate approval of this bill is earnestly sought.
