AN ACT  
ESTABLISHING THE MARIVELES DISTRICT HOSPITAL IN  
THE MUNICIPALITY OF MARIVELES, PROVINCE OF BATAAN  
AND APPROPRIATING FUNDS THEREFORE

EXPLANATORY NOTE

Considered to be a first class community, the Mariveles district in the province of Bataan has a total population of 112,707 according to the 2010 census dispersed among the 18 barangays (<http://www.marivelesgovph.org>). Mariveles is now a first class municipality in terms of its income, accredited mostly to big establishments existing in the municipality; consequently, they also have a high employment rate. Mostly engineers, skilled and unskilled laborers, technical men from the province and other towns and cities. ([www.mybataan.com](http://www.mybataan.com))

Mariveles is also known as one of the first districts to be engaged upon the notion of industrialization and thus propagating a need for additional programs that would compensate for the basic health services for its constituency.

The establishment of the Mariveles district hospital is aimed at ensuring an environment in which the residents would be able to afford quality health care as well as having a well maintained facility.

Hence, the passage of this bill is earnestly sought.
