S. No. 2342

Introduced by Senator Francis "Chiz" ESCUDERO

SEN. STAFF: RV. *f*

### Explanatory Note

In the aftermath of the extremely destructive super typhoon Yolanda (international codename: Haiyan) that struck our country last November 8, 2013, an outpouring of support in the form of cash and in-kind donations were directed to the Philippines by both local and foreign donors. In response to media reports alleging instances of corruption with respect to the utilization and accounting of the donated funds, Senator Miriam Defensor-Santiago introduced Proposed Senate Resolution No. 363 entitled:

#### RESOLUTION

DIRECTING THE PROPER SENATE COMMITTEE ON FINANCE TO CONDUCT AN INQUIRY IN AID OF LEGISLATION, ON THE NEED FOR TRANSPARENCY AND ACCOUNTABILITY WITH REGARD TO INCOMING FOREIGN AND LOCAL AID FOR THE VICTIMS OF SUPER TYPHOON YOLANDA.

which was referred to the Committee on Finance.

On February 26 and March 17, 2014, the committee conducted a hearing on the bills referred to the committee, including P. S. R. No. 363. In accordance with the Chairman's instructions, a Technical Working Group meeting was conducted by the committee last May 13, 2014, to which resource persons from the Department of Foreign Affairs, Department of Budget and Management, Department of Finance, and Commission on Audit were invited.

From the above-mentioned hearings and TWG meeting, one of the findings was the fact that there was no single agency in the government that has possession and knowledge of the total amount of local and foreign donations for the victims of Super Typhoon Yolanda. The Foreign Aid Transparency Hub or FAITH, an online information portal created by the national government, captures only the foreign aid pledged and received by the country for the victims of Yolanda. It does not include the foreign or local donations that were deposited directly to the accounts of various departments or agencies, or the foreign or local donations received directly by the affected local government units.

The above findings indicate the need to institutionalize, preferably through legislation, a mechanism for the monitoring and accounting of all foreign and local donations for natural and man-made calamities. In addition, the public clamour for transparency and accountability in the utilization of the monetary and non-monetary aid received from foreign and local benefactors calls for proactive action from the Commission on Audit.

In view of the foregoing, the approval of the bill is earnestly sought.
