EXPLANATORY NOTE

The Local Government Units, in coordination with other government housing agencies, the private sector and NGOs, have been given the task to exert efforts in continuing the advocacy for socialized housing, which is considered as one of the priority areas of investment. Thus, there is a need to establish and create local housing boards as special bodies in the LGUs to ensure the implementation of what is mandated of them under the Urban Development and Housing Act or R.A. 7279.

The benefits that can be reaped from any given law depend purely on its effective implementation. This is undoubtedly true in the case of R.A. 7279. The mandate of the Local Government Units under the aforesaid law is to ensure the proper implementation of the program under UDHA. Accordingly, there is still much to be desired to generate significant impact on a national scale. On the other hand, there is a wide perception that R.A. 7279 has gained a tremendous impact upon LGUs to push and advocate for the production of low-cost housing projects. As a result of which, Local Government Units have started to embark on housing projects intended to address the problems of housing and uplift the lives of the urban poor sector in local communities.

For the foregoing reasons, the early passage of this bill is earnestly sought.
