SENATE
S. B. No. 1568

RECEIVED BY: _____

Introduced by Senator Miriam Defensor Santiago

EXPLANATORY NOTE

The Constitution, Article 2, Section 17, provides:

The State shall give priority to education, science and technology, arts, culture, and sports to foster patriotism and nationalism, accelerate social progress, and promote total human liberation and development.

Our schools must prepare young people for active participation in community life and a democratic society. This is not possible without knowledge and understanding of humanities.

In order to ensure that our children acquire the necessary conceptual and analytical skills and have an appreciation for the tradition and values of our culture, studies in the humanities are essential. However, it is not possible to accomplish this goal unless our teachers have the necessary background and training in the humanities.

Hence, it is the purpose of this Act to authorize a national program for the establishment and operation of teacher institutes for the enhancement of the humanities knowledge of private and public elementary and secondary school teachers.
