EXPLANATORY NOTE

The Constitution, Article 2, Section 13, provides:

The State recognizes the vital role of the youth in nation building and shall promote and protect their physical, moral, spiritual, intellectual, and social well-being. It shall inculcate in the youth patriotism and nationalism, and encourage their involvement in public and civil affairs.

The potential of the youth to make lasting contributions to freedom's cause is unparalleled. Yet, some serious flaws have appeared in our social and cultural fabric, characterized by destructive behaviors among some of our youth, that are damaging our country and the ability of this generation to achieve its full potential.

The purpose of this bill is to establish a National Commission on the impact of Filipino culture on the youth in order to investigate and make findings and recommendations with respect to –

(1) the condition and status of contemporary youth compared to prior generations, with particular attention to family, neighborhood, school, scholastic attainment, work, and community involvement;

(2) the nature, origin, and trends of antisocial and violent behavior among the youth;

(3) the impact of western culture on the youth, through the pervasive influence of media;

(4) recommendations for averting and reducing violence among the youth; and

(5) recommendations for parents, families, non-governmental and private sector organizations, and local authorities in building positive developmental experiences among the youth.
