SENATE
S. B. No. 133

RECEIVED

Introduced by Senator SONNY ANGARA

AN ACT
INCREASING THE MONTHLY SOCIAL PENSION OF SENIOR CITIZENS AND
EXPANDING THE COVERAGE THEREOF

EXPLANATORY NOTE

While the Philippines is currently enjoying what is known as the demographic "sweet spot" or "window" wherein the size of the country's working age is relatively larger than its dependents, we are steadily transitioning into an older population. In fact, the Commission on Population (POPCOM) has projected that the number of senior citizens will surpass 8 million by the end of the 2018. Out of the 8 million elderlies, 5 million – or 4.7% of the entire population – are aged 65 years or older.

This estimate puts us closer to being tagged as an aging population since, according to the Commission, aging countries have at least 7% of their overall population over 65 years old.

In the next decades, the number of elderly population is expected to increase; therefore, the country has implemented safeguards to ensure that our senior citizens are taken care of such as Republic Act No. 10645, which gave mandatory PhilHealth coverage for all senior citizens, and Republic Act No. 9994 or the Expanded Senior Citizens Act of 2010 which – along with the 20% discount and VAT exemption on medical-related expenses, transportation, food, and others – provided for social pension to our indigent senior citizens.

However, according to a study by the Coalition of Services of the Elderly (COSE), more than half of the country's senior citizens receive no pension – whether contributory or social. Coupled with increasing health risks and the inability to find livelihood opportunities past the age of 60, senior citizens are truly in a vulnerable state.

The proposed measure intends to amend RA 9994 in order to a) increase the amount of social pension that our senior citizens are receiving from ₱500 per month to ₱1,000 per month, and b) widen the coverage of beneficiaries to include those without any form of pension. This will provide social protection to an estimate 78% vulnerable senior citizens.

In our intention to add another layer of safeguard, close the pension coverage gap, and recognize the efforts and contribution of our senior citizens, the passage of this bill is earnestly sought.
