

THIRTEENTH CONGRESS OF THE REPUBLIC
OF THE PHILIPPINES
First Regular Session

RECEIVED

SENATE

S.B. No. 1895

Introduced by SENATOR EDGARDO J. ANGARA

EXPLANATORY NOTE

Government hospitals, while receiving subsidy from the National Government, cannot utilize their income for the maintenance and other operating expenses (MOOE) and capital outlay of the hospital. Said income is required by law to be remitted to the national treasury.

This practice however, has a debilitating effect on the hospital's capability for expansion and improvement of its services. To address this counter-productive approach, this proposed measure seeks to give more meaning to the autonomy of government hospitals in the area of physical and operational development by granting them the authority to utilize their income for their maintenance and other operating expenses (MOOE) and capital outlay expenditures.

Admittedly, as per special provision No. 6 of the General Appropriations Act (GAA), Department of Health (DOH) hospitals are already authorized to retain their income since 2003. The DOH has again proposed the inclusion of said provision in the 2005 GAA.

Through this proposal, DOH hospitals and all other government hospitals for that matter shall now be granted authority to retain their income permanently, without need of proposing its inclusion in the GAA on a yearly basis.

It is hoped that in making our government hospitals more financially independent, effective and efficient delivery of quality health services to the people will be consistently ensured.

Approval of this bill, therefore, is earnestly sought.
