

**NINETEENTH CONGRESS OF THE
REPUBLIC OF THE PHILIPPINES**
First Regular Session

'22 JUL 12 A11 :43

SENATE

S.B. No. 374

RECEIVED BY: _____

INTRODUCED BY SENATOR RISA HONTIVEROS

**AN ACT
INSTITUTING A NATIONAL LAND USE AND MANAGEMENT POLICY,
PROVIDING THE IMPLEMENTING MECHANISMS THEREFOR, AND FOR OTHER
PURPOSES**

EXPLANATORY NOTE

Land – its ownership, utilization and distribution – is a socio-political object. Beyond its economic benefits, it is also a driver of social change and social differentiation, and decision-making on land use inevitably have social, political, and ecological consequences. With the population rising and land resources dwindling, land and resource conflicts are the consequent realities. Almost always, the poor and the landless are at the losing end of these conflicts.

This is further exacerbated by the climate-related disasters that the Philippines. Climate change is impacting heavily on access to resources. Food, shelter, water needs are constantly under threat due to the onslaught of disasters hitting our archipelagic state. Again, climate change hits the poor the most.

Therefore, it is imperative to institutionalize the proper utilization and management of land resources in order to meet the present and future needs of the people, especially the poor and vulnerable, which include among others the need for healthy environment, sustainable agricultural production and food security, decent and affordable housing, jobs and industry. This can only be done through a regulatory framework that will ensure proper utilization of land with the express intent to meet the development needs of the population whilst ensuring that there is still enough for the generations yet to be born. Only a sound regulatory framework can protect our scarce resources from commercial pressures and development aggression.

SENATE

S.B. No. 374

RECEIVED BY: _____

INTRODUCED BY SENATOR RISA HONTIVEROS

**AN ACT
INSTITUTING A NATIONAL LAND USE AND MANAGEMENT POLICY,
PROVIDING THE IMPLEMENTING MECHANISMS THEREFOR, AND FOR OTHER
PURPOSES**

Be it enacted by the Senate and House of Representatives of the Philippines in Congress assembled:

**CHAPTER I
INTRODUCTORY PROVISIONS**

1 Section 1. *Title.* – This Act shall be known and cited as the "*National Land Use*
2 *and Management Act of the Philippines.*"

3 Sec. 2. *Declaration of Policies and Principles.* – It is the policy of the State to:

- 4 a. Provide for a rational, holistic and just allocation, utilization,
5 management, and development of the country's land and water
6 resources so that their use is consistent with the principles of equity,
7 social justice, environmental integrity and sustainable development for
8 the common good;
- 9 b. Hold owners and users of land responsible for developing and
10 conserving their lands, thereby making these productive and
11 supportive of sustainable development and environmental stability in
12 accordance with the principle that the use of land bears a social
13 function and that all economic agents shall contribute to the common
14 good;
- 15 c. Treat groups of islands, including parts of islands, interconnecting
16 waters and other natural features which are so closely interrelated, as
17 forming an intrinsic geographical, economic and political entity, or
18 which historically have been regarded as such entity; and
- 19 d. Strengthen the capacity of the local government units (LGUs) to
20 manage and maintain ecological balance within their territorial

1 jurisdiction, in partnership with the national government in accordance
2 with the Philippine Constitution and Republic Act No. 7160 or the Local
3 Government Code of 1991.

4 Towards these ends, the State shall institutionalize land use and physical planning as
5 a mechanism for identifying, determining, and evaluating appropriate land use and
6 allocation patterns that promote and ensure:

- 7 a) Maintenance and preservation of environmental integrity and stability;
- 8 b) Sustainable and just management and utilization of natural resources;
- 9 c) Disaster risk reduction and climate risk-based planning;
- 10 d) Protection of prime agricultural lands for food security, with emphasis
11 on self-sufficiency through efficient and sustainable use of land
12 resources consistent with the principles of sound agricultural
13 development, natural resources development, and agrarian reform;
- 14 e) Protection and conservation of the country's natural heritage,
15 permanent forestlands, natural forests, critical watersheds and key
16 biodiversity areas to ensure adequate forest cover to maintain
17 ecological processes in the country;
- 18 f) Sustainable development and management of water resources;
- 19 g) Settlements, transportation and other infrastructure development in
20 support of inclusive growth and rural, urban and regional development;
- 21 h) Improved access to affordable housing by increasing its supply through
22 direct allocation, better access to unutilized lands, and multiple use and
23 higher densities, where appropriate;
- 24 i) Respect for and protection of the traditional resource right of the
25 Indigenous Cultural Communities/Indigenous Peoples (ICCs/IPs) to
26 their ancestral domains; compliance with free and prior informed
27 consent of ICCs/IPs; and recognition of customary laws and traditional
28 resource use and management, knowledge, and practices in ancestral
29 domains;
- 30 j) Equitable access to land through State intervention that guarantees its
31 affordability to the basic sectors;
- 32 k) Energy security or energy self-sufficiency;
- 33 l) Preservation and conservation of parks and protected areas to keep
34 the scenery, the natural and historic objects, and the biodiversity
35 therein in their natural state and prevent them from being damaged
36 for purposes of public recreational use and enjoyment; and

1 m) Meaningful participation of the basic sectors.

2 Sec. 3. *Scope.* – This Act shall apply to all lands and all resources therein,
3 whether public, private, government-owned and/or in the possession of any person,
4 whether natural or juridical, and shall guide the rational, holistic and just allocation,
5 utilization, development and management of the country's land and water resources
6 including such activities that bear impact on said resources.

7 Sec. 4. *Definition of Terms.* – For the purposes of this Act, the following terms
8 shall be defined as follows:

9 a) *Agricultural land* refers to the subclass of classified agricultural lands
10 devoted to or suitable for the cultivation of the soil, planting of crops,
11 growing of trees, raising of livestock, poultry, fish or aquaculture
12 production, including the harvesting of such farm products and other
13 farm activities and practices performed in conjunction with such farming
14 operations, by persons whether natural or juridical, and not classified as
15 residential land, commercial land or industrial land;

16 b) *Agricultural land use conversion* refers to the undertaking of any
17 development activity which modifies or alters the physical characteristics
18 of agricultural lands to render them suitable for nonagricultural purposes
19 under an approved order of conversion issued by the appropriate
20 government agency;

21 c) *Alienable and disposable lands of the public domain* refer to lands of the
22 public domain which have been delineated, classified, and certified as
23 such and available for disposition under Commonwealth Act No. 141,
24 otherwise known as the Public Land Act, as amended;

25 d) *Ancestral domains* refer to all areas generally belonging to ICCs/IPs as
26 defined in Republic Act No. 8371, otherwise known as the Indigenous
27 Peoples Rights Act (IPRA) of 1997;

28 e) *Ancestral Domain Sustainable Development and Protection Plan*
29 (*ADSDPP*) refers to a plan formulated and pursued in accordance with
30 the rights of ICCs/IPs to manage and develop the land as well as natural
31 and human resources within their ancestral domains based on their
32 indigenous knowledge systems and practices on the principle of self-
33 determination;

34 f) *Classified agricultural land* refers to one of the four (4) classifications of
35 land under the Constitution not classified by law as mineral land,

1 forestland or national park and the only land classification subject to
2 alienation;

3 g) *Coastal area/zone* refers to a band of dry land and the adjacent ocean
4 space (water and submerged land) in which terrestrial processes and
5 uses directly affect oceanic processes and uses, and vice versa. Its
6 geographic extent may include areas within a landward limit of one (1)
7 kilometer from the shoreline at high tide to include mangrove swamps,
8 brackish water ponds, nipa swamps, estuarine rivers, sandy beaches and
9 other areas within a seaward limit of two hundred (200) meters isobath
10 to include coral reefs, algal flats, seagrass beds, and other soft-bottom
11 areas;

12 h) *Comprehensive Land Use Plan (CLUP)* refers to a document embodying
13 a set of policies, accompanied by maps and similar illustrations that
14 serve as a policy guide for determining the future use of lands and
15 natural resources within the territorial jurisdiction of the LGUs. It
16 represents the community-desired pattern of population distribution and
17 proposes future allocation of land and resources to various activities. It
18 includes the processes and criteria employed in such determination of
19 allocation of land and resources. It is a plan for the long-term
20 management of the local territory covering a period of minimum of ten
21 (10) years, reviewable not earlier than every five (5) years based on the
22 four (4) categories of land use planning provided in Section 6 of this Act;

23 i) *Comprehensive land use planning* refers to the act of defining the
24 allocation, utilization, development, and management of all lands within
25 a given territory or jurisdiction according to the inherent characteristics
26 of the land itself and supportive of sustainable, economic, demographic,
27 sociocultural and environmental objectives as an aid to decision-making
28 and legislation;

29 j) *Critical watershed* refers to watersheds or forestlands that have been
30 identified and evaluated to provide critical and vital natural, ecological,
31 environmental and physical beneficial services such as water,
32 biodiversity, energy, irrigation, social and cultural, among others, to a
33 specific area or community and whose existing biophysical condition
34 demands immediate rehabilitation, protection and management to
35 prevent its further denudation, deterioration and exploitation;

- 1 k) *Cultural heritage* refers to the totality of cultural properties, whether
2 natural or human-made, preserved and developed through time, and
3 passed on for posterity;
- 4 l) *Customary laws* refer to a body of written and/or unwritten rules, usages,
5 customs and practices traditionally and continually recognized,
6 accepted, and observed by respective ICCs/IPs consistent with the IPRA;
- 7 m) *Danger zones* refer to areas with high level of threat to the lives and
8 well-being of people that cannot be addressed through scientific,
9 physical and engineering methods, and are therefore not suitable for
10 settlement and permanent structures. Areas can only be declared as
11 danger zones after conducting proper technical studies and public
12 consultations with affected families;
- 13 n) *Development plan* refers to a document that defines the activities and
14 measures that the national government or LGUs intend to implement
15 over a specified period of time in order to achieve the defined set of
16 development goals identified in the national or local physical framework
17 plans. It integrates socioeconomic, financial, fiscal, legal and legislative,
18 institutional and sectoral plans of the national government or any of its
19 instrumentality or a particular LGU, consistent with the objectives
20 identified in spatial plans such as land use plans or physical framework
21 plans. It may include an analysis of problems and resources, definition
22 of goals and objectives, policy guidelines, project and target
23 achievements, and an implementation mechanism which defines the
24 roles and contributions expected from the government and the private
25 sector;
- 26 o) *Disaster-prone areas* or *geo-hazard areas* refer to areas frequented by
27 and/or vulnerable to experience weather, climatic, hydrologic, geologic,
28 and other natural disturbances or calamities;
- 29 p) *Disaster risk reduction* refers to the concept and practice of reducing
30 disaster risks through systematic efforts to analyze and manage the
31 causal factors of disasters, including reduced exposure to hazards,
32 lessened vulnerability of people and property, wise management of land
33 and the environment, and improved preparedness for adverse events;
- 34 q) *Ecologically-fragile lands* refer to lands within critical watersheds,
35 brackish and freshwater wetlands, pasture lands, inland rivers and
36 waterways, coastal and settlement areas, and croplands which require

1 rehabilitation, protection and whose continued unsustainable use would
2 result in physical risks and threats to life and property, public health and
3 safety, as well as adversely affect the productivity of lowland agricultural
4 areas and stability of the upland system;

5 r) *Ecotourism* refers to a form of sustainable tourism within a natural and/or
6 cultural heritage area where community participation, protection and
7 management of natural resources, culture and indigenous knowledge
8 and practices, environmental education and ethics, as well as economic
9 benefits are fostered and pursued for the enrichment of host community
10 and satisfaction of visitors;

11 s) *Energy resources* refer to surface or subsurface substances that serve as
12 energy sources. These are traditionally mineral fuel deposits such as
13 coal, petroleum, natural gas or renewable resources from geothermal,
14 hydro reservoirs, or nonconventional sources including ocean waves,
15 solar, wind, biomass, and other similar resources which serve the same
16 purpose;

17 t) *Energy resource lands* refer to lands where naturally occurring or
18 indigenous energy resources exist in sufficient quantity and/or quality as
19 to be economically viable for exploration, development, production,
20 utilization, and distribution purposes;

21 u) *Environmentally-critical areas* refer to areas declared by law as (i) areas
22 for natural parks, watershed reserves, wildlife preserves, and
23 sanctuaries; (ii) areas set aside for aesthetic and visual value; (iii) areas
24 that constitute the habitat for any endangered or threatened species of
25 indigenous Philippine wildlife, both flora and fauna; (iv) areas of unique
26 historic, archaeological, or scientific interests; (v) areas that are
27 traditionally occupied by ICCs/IPs; (vi) areas with critical slopes; (vii)
28 areas frequented and/or hard hit by natural calamities such as, but not
29 limited to, geologic hazards, floods, typhoons and volcanic activities;
30 (viii) recharge areas of aquifers; (ix) mangrove areas; (x) coral reefs;
31 (xi) mossy and virgin forests; (xii) rivers and riverbanks; (xiii) swamp
32 forest and marshlands; (xiv) foreshore lands; (xv) protected areas
33 pursuant to Republic Act No. 7586 or the NIPAS Act of 1992; and (xvi)
34 areas set aside as aesthetic potential tourist spots. This term shall also
35 include other terrestrial, aquatic and marine areas that need special
36 protection and conservation measures because they are ecologically

1 fragile or they are needed for food security and food self-sufficiency as
2 determined by concerned agencies and LGUs in consultation with the
3 concerned stakeholders;

4 v) *Exhausted mineral resources* refer to a situation where the mineral
5 resources in specific sites are no longer in sufficient quantity or quality
6 to justify additional expenditure for extraction or utilization;

7 w) *Flood plain* refers to the portion of a river valley adjacent to a river
8 channel which is covered with water when the river overflows its banks
9 at flood stages, and which usually consists of silt deposited by the
10 stream;

11 x) *Flood-prone areas* refer to low lying areas usually adjacent to large or
12 active water bodies and which therefore experience regular or seasonal
13 inundation as a result of changes in the mean water level of these bodies
14 or because of land reclamation and other artificial interference with the
15 natural processes;

16 y) *Food security* refers to the policy objective of meeting the food
17 availability, accessibility, and affordability requirements of the present
18 and future generations of Filipinos in a sustainable manner, through local
19 production or importation in cases of shortage based on a micro level
20 situation, or both, and taking into account the country's existing and
21 potential resource endowments and related production advantages, and
22 consistent with the overall national development objectives and policies;

23 z) *Food self-sufficiency* refers to the policy objective of meeting the food
24 requirements through intensive local food production in a sustainable
25 manner based on the country's existing and potential resources and
26 related production advantages;

27 aa) *Foreshore land* refers to a string of land margining a body of water, the
28 part of a seashore between the low-water line usually at the seaward
29 margin of a low tide terrace and the upper limit of wave wash at high
30 tide often marked by a beach scarp or berm;

31 bb) *Forest* refers to an ecosystem or an assemblage of ecosystems
32 dominated by trees and other woody vegetation; a community of plants
33 and animals interacting with one another and its physical environment;

34 cc) *Forestlands* refer to one of the four (4) classifications of land under the
35 Constitution under the public domain classified and/or determined as
36 suitable for forest purposes not classified as mineral land, national park

1 and classified agricultural land. These include all permanent forest,
2 forest reserves, forest reservations, and all the remaining unclassified
3 lands of the public domain;

4 dd) *Forest Land Use Plan (FLUP)* refers to the allocation of forestlands into
5 their appropriate uses consistent with existing biophysical conditions
6 such as topography, soil type, land use, climate, water sources and
7 socioeconomic, cultural and political realities. Forestland use planning
8 should be able to delineate protection and production forests;

9 ee) *Forestland subclassification* refers to the process of determining the
10 most appropriate and sustainable use of forestlands primarily as
11 protection forest and production forest. They may be further
12 subclassified as grazing/pasture land, recreational areas and other uses,
13 taking into account ecological, social and economic considerations;

14 ff) *Free, Prior and Informed Consent (FPIC)* means the consensus of all
15 members of the ICCs/IPs to be determined in accordance with their
16 respective customary laws and practices, free from any external
17 manipulation, interference and coercion, and obtained after fully
18 disclosing the intent and scope of the activity, in a language and process
19 understandable to the community;

20 gg) *Geo-hazards* refer to nature and human-induced geological processes
21 that have potential to cause destruction and which pose a threat or risk
22 to a person's life and property. These may include, but are not limited
23 to, ground, water and weather-related conditions, volcanic and
24 earthquake induced hazards such as ground shaking, ground rupture,
25 earthquake-induced landslides, liquefaction and *tsunami*;

26 hh) *Indigenous Cultural Communities/Indigenous Peoples (ICCs/IPs)* refer
27 to groups of people or homogenous societies identified by self-ascription
28 and ascription by others, who have continuously lived as organized
29 community on communally bounded and defined territory, and who
30 have, under claims of ownership since time immemorial, occupied,
31 possessed and utilized such territories, sharing common bonds of
32 language, customs, traditions and other distinctive cultural traits, or who
33 have, through resistance to political, social and cultural inroads of
34 colonization, nonindigenous religions and cultures, became historically
35 differentiated from the majority of Filipinos. ICCs/IPs shall likewise
36 include peoples who are regarded as indigenous on account of their

1 descent from the populations which inhabited the country, at the time
2 of conquest or colonization, or at the time of inroads of nonindigenous
3 religions and cultures, or the establishment of present State boundaries,
4 who retain some or all of their own social, economic, cultural and political
5 institutions, but who may have been displaced from their traditional
6 domains or who may have resettled outside their ancestral domains;

7 ii) *Inland waters* refer to waters, which are not coastal and marine waters,
8 and not subject to acquisitive prescription consistent with the provisions
9 of Presidential Decree No. 1067 or the Water Code of the Philippines;

10 jj) *Integrated watershed management* refers to a planning strategy or
11 program for watershed areas that complement environmentally-sound
12 soil and water management practices with mechanisms for ensuring
13 greater responsibility, involvement, or participation of individuals,
14 groups, communities and other stakeholders benefiting from these areas
15 and water-related infrastructure;

16 kk) *Key Biodiversity Areas (KBAs)* represent the most important sites for
17 biodiversity conservation worldwide. These are places of international
18 importance for the conservation of biodiversity through protected areas
19 and other governance mechanisms. They are identified nationally using
20 simple, standard criteria, based on their importance in maintaining
21 species populations;

22 ll) *Land* refers to resources, both artificial and natural, found on the surface,
23 below, and above the ground including inland waters and the air therein;

24 mm) *Land subclassification* refers to the act of determining and assigning
25 specific uses of classified lands such as forestlands, classified agricultural
26 lands, mineral lands and national parks in accordance with existing laws
27 and this Act;

28 nn) *Land use* refers to the manner of allocation, utilization, management
29 and development of land;

30 oo) *Land use classification* refers to the act of delineating or allocating lands
31 according to protection land use, production land use, settlements
32 development and infrastructure development as defined and provided
33 for in this Act;

34 pp) *Mandatory public hearings/consultations* refer to the mechanism to
35 ensure the involvement of concerned stakeholders and communities in
36 land use planning, from the barangay to the national level, to ensure the

1 social acceptability of the plans. It should involve giving notice of
2 hearing/consultation to concerned stakeholders through publication or
3 posting in conspicuous places, conduct of a reasonable number of
4 hearings, solicitation of positions to arrive at a consensus. Public
5 presentation and validation of the planning results shall also be
6 undertaken before the final adoption of the plans;

7 qq) *Marine Protected Area (MPA)* refers to a defined area of the sea
8 established and set aside by law, administrative regulation or any other
9 effective means in order to conserve and protect a part of or the entire
10 enclosed environment, through the establishment of management
11 guidelines. It includes all declared areas governed by specific rules or
12 guidelines in order to protect and manage activities within the enclosed
13 area;

14 rr) *Mineral exploration* refers to the systematic searching or prospecting for
15 mineral resources including energy resources;

16 ss) *Mineral lands* refer to lands of the public domain, excluding those in
17 permanent forestlands and protection lands, where mineral resources
18 are found in sufficient quantity and quality for extraction, development
19 and utilization;

20 tt) *Multiple use of land resources* refers to the utilization or management
21 strategy for any land which allows any activity involving one or more of
22 its resources, depending on the result of prior evaluation on its
23 numerous beneficial use, that will produce the optimum benefits to the
24 development and progress of the country and the public welfare without
25 impairment or with the least injury to its other resources;

26 uu) *Municipal waters* include not only streams, lakes, inland bodies of water
27 and tidal waters within the municipality which are not included within
28 the protected areas as defined under Republic Act No. 7586 of the
29 National Integrated Protected Areas System or the NIPAS Act of 1992,
30 public forest, timberlands, forest reserves or fishery reserves, but also
31 marine waters included between two (2) lines drawn perpendicular to
32 the general coastline from points where the boundary lines of the
33 municipality touch the sea at low tide and a third line parallel with the
34 general coastline including offshore islands and fifteen (15) kilometers
35 from such coastline. Where the territory of a municipality includes
36 several islands, the outermost points of such islands shall be used as

1 base points and connected by archipelagic baselines, irrespective of the
2 lengths of such baselines from the main coastlines. Where two (2)
3 municipalities are situated on opposite shores that there is less than
4 thirty (30) kilometers of marine waters between them, the third line shall
5 be equally distant from opposite shore of the respective municipalities;

6 *vv) National Integrated Protected Areas System (NIPAS)* refers to the
7 classification and administration of all designated protected areas to
8 maintain essential ecological processes and life-support systems, to
9 preserve genetic diversity, to ensure sustainable use of resources found
10 therein, and to maintain their natural conditions to the greatest extent
11 possible;

12 *ww) National Land Use Policy Council (NLUPC)* refers to the administrative,
13 policy-making, and regulatory body created under this Act;

14 *xx) National park* refers to forest reservation essentially of natural
15 wilderness character which has been withdrawn from settlement,
16 occupancy or any form of exploitation except in conformity with
17 approved management plan and set aside as such exclusively to
18 conserve the area or preserve the scenery, natural and historic objects,
19 wild animals and plants therein and to provide enjoyment of these
20 features in such areas. It shall also refer to lands and waters of the
21 public domain classified as such in the 1987 Constitution which include
22 all areas under the NIPAS pursuant to the NIPAS Act of 1992, primarily
23 designated for the conservation of native plants and animals and
24 associated habitats and cultural diversity;

25 *yy) Network of Protected Areas for Agriculture and Agro-industrial*
26 *Development (NPAAAD)* refers to agricultural areas identified by the
27 Department of Agriculture (DA) through the Bureau of Soils and Water
28 Management (BSWM), in coordination with the National Mapping and
29 Resource Information Authority (NAMRIA), in order to ensure the
30 efficient utilization of land for agriculture and agro-industrial
31 development and promote sustainable growth. The NPAAAD covers all
32 irrigated areas; all irrigable lands already covered by irrigation projects;
33 all alluvial plains; lands highly suitable for agriculture whether irrigated
34 or not; agro-industrial croplands or lands planted to industrial crops that
35 support the validity of existing agricultural infrastructure and agro-based
36 enterprises; highlands or areas located at an elevation of five hundred

1 (500) meters or above and have the potential for growing semi-
2 temperate and high value crops; all agricultural lands that are
3 ecologically fragile, the conversion of which will result in serious
4 environmental degradation; and all mangrove areas and fish
5 sanctuaries;

6 *zz) Permanent forests or forest reserves* refer to lands of the private or
7 public domain which have been identified and determined to be needed
8 for protection, conservation, preservation and management as forests
9 and shall be reserved, conserved and protected into perpetuity for such
10 purpose;

11 *aaa) Permanent forestlands* refer to forestlands, within public lands, that
12 have been identified, determined and demarcated on the ground by the
13 State to serve such purpose and shall be protected, conserved,
14 preserved, maintained and managed as forestlands free from any form
15 of utilization, exploitation or development, and reserved permanently as
16 such for the benefit and use of future generations;

17 *bbb) Physical framework plans* refer to the national, regional or provincial
18 indicative plans that outline the overall and macro-level physical
19 development objectives, priorities, directions and strategies in its
20 respective levels as prepared, reviewed, integrated and finalized by the
21 national, regional and provincial land use councils/boards, respectively,
22 based on the CLUPs of the LGUs and the national policy guidelines
23 relating to land use and environmental management to prevent or
24 mitigate the adverse effects of inappropriate resource utilization on food
25 security, the people's welfare, and their environment;

26 *ccc) Premature or illegal conversion* refers to any activity that modifies or
27 alters the physical characteristics of agricultural lands to render them
28 suitable for nonagricultural purposes without an approved order of
29 conversion from the Department of Agrarian Reform (DAR) Secretary;

30 *ddd) Prime agricultural lands* refer to all contiguous irrigated areas and
31 irrigable lands already covered by irrigation projects; all alluvial plain
32 lands highly suitable for agriculture, whether irrigated or not, that have
33 been identified to satisfy the country's needs for food self-sufficiency
34 and security; agro-industrial croplands or lands presently planted and
35 suitable to industrial and high value crops; highlands, or areas located
36 at elevation of five hundred (500) meters or above and have the

1 potential for growing semi-temperature and high value crops outside of
2 declared permanent forestlands and protection forests and not located
3 in ecologically-fragile and environmentally-critical areas;

4 eee) *Production forest* refers to forestland located in production lands
5 managed primarily for the production of timber and other tree products;

6 fff) *Production land use* refers to the direct and indirect utilization of land to
7 generate outputs resulting from the following activities: agricultural, fish
8 farming or aquaculture, timber or agro-forestry, grazing and pasture,
9 mining, indigenous energy resource development, industry, and tourism;

10 ggg) *Protected areas* refer to portions of land and water set aside by reason
11 of their unique physical and biological significance, managed to enhance
12 biological diversity, and protected against human exploitation. For
13 purposes of this Act, these shall also include all natural forests and
14 agricultural lands identified and delineated under this Act;

15 hhh) *Protection forests* refer to forests and forestlands, in both public and
16 private lands, that have been identified and determined by the State for
17 the beneficial use of present and future generations and shall be
18 preserved, conserved, protected and maintained as such free from any
19 form of utilization, exploitation or development;

20 iii) *Protection land use* refers to the use of land primarily reserved for
21 rehabilitation, conservation, and protection purposes and the promotion
22 of the country's ecological and life-support systems;

23 jjj) *Public domain* refers to lands belonging to the State which may be
24 classified as agricultural, forest or timber, mineral, or national park as
25 provided for in the Constitution;

26 kkk) *Reclassification of agricultural lands* refer to the act of specifying how
27 agricultural lands shall be utilized for nonagricultural uses such as for
28 residential, industrial, or commercial purposes, through the local
29 planning and zoning processes, pursuant to the Local Government Code
30 of 1991, and subject to the requirements and procedures for conversion;

31 III) *Resettlement sites* refer to areas identified by the appropriate national
32 agency or by the LGU, with respect to areas within its jurisdiction, which
33 shall be used for the relocation of the underprivileged and homeless, as
34 defined under Republic Act No. 7279 or the Urban Development and
35 Housing Act (UDHA);

1 mmm) *Restoration* refers to returning forestland to its original forested state
2 in terms of species' composition, structure, function and productivity;
3 nnn) *Restoration zones* refer to forest areas where activities are conducted
4 to restore its forested state;
5 ooo) *River basin* refers to the horizontal projection of area from which a
6 river and its tributaries receive surface water originating from
7 precipitation;
8 ppp) *Settlements* refer to communities or built-up environment areas where
9 people prefer to live in;
10 qqq) *Settlements development* refers to any improvement on existing
11 settlements or any proposed development of certain areas for settlement
12 purposes. It also involves the spatial distribution of population,
13 identification of the roles and functions of key urban centers,
14 determination of relationships among settlement areas, and the
15 provision of basic services and facilities of identified major settlement
16 areas or growth centers;
17 rrr) *Shoreline* refers to a strip of land covering at least one (1) kilometer
18 from the point where seawater reaches during the highest high tide;
19 sss) *Spatial data infrastructure* refers to a system consisting of spatial data,
20 technology, policies, practices, relationships, people and resources
21 necessary to acquire, process, store and distribute spatial information to
22 improve sharing and use throughout all levels of the government and
23 private sector, among others, which shall be operationalized through
24 electronic system that provides access to a network of spatial data
25 sources and users and shall serve as the official linkage of the
26 government to international and regional spatial data infrastructure;
27 tt) *Socialized housing* refers to housing programs and projects covering
28 homelots, houses and lots, or low-rise to medium-rise buildings, or high
29 density housing projects undertaken by the government or the private
30 sector for the underprivileged and homeless citizens which shall include
31 sites and services development, long-term financing, direct subsidy
32 programs, liberalized terms on interest payments, and such other
33 benefits in accordance with the UDHA and Batas Pambansa Blg. 220;
34 uuu) *Socialized housing sites* refer to lands identified and designated by
35 LGUs as sites for socialized housing pursuant to Article IV of the UDHA
36 and its implementing guidelines;

1 vv) *Strategic Agriculture and Fisheries Development Zones (SAFDZs)* refer
2 to areas within the NPAAAD identified for production, agro-processing
3 and marketing activities to help develop and modernize, with the support
4 of government, the agriculture and fisheries sectors in an
5 environmentally and socioculturally sound manner;

6 www) *Subclassification or reclassification of agricultural lands* refers to the
7 process undertaken by the LGUs of allocating declared agricultural lands
8 in their respective territorial jurisdictions to specific uses such as
9 residential, industrial or commercial purposes and may be used as a
10 basis for application for land conversion by the owners thereof;

11 xxx) *Sustainable development* refers to the development objective of
12 meeting the needs of the present generation without compromising the
13 ability of future generations to meet their own needs consistent with the
14 principles of social equity, efficiency, and environmental integrity;

15 yyy) *Sustainable traditional resource rights* refer to the rights of ICCs/IPs to
16 sustainably use, manage, protect and conserve: (1) land, air, water, and
17 minerals; (2) plants, animals and other organisms; (3) collecting, fishing
18 and hunting grounds; (4) sacred sites; and (5) other areas of economic,
19 ceremonial and aesthetic value in accordance with their indigenous
20 knowledge, beliefs, systems and practices;

21 zzz) *Tourism development areas* refer to specific sites for tourism
22 development located in areas identified as priorities in the national and
23 regional tourism master plans as well as those designated through
24 legislative and executive issuances as tourist spots and tourist zones
25 which can be developed into tourism estates or integrated resort, leisure,
26 recreation complexes, and other tourism-related facilities;

27 aaaa) *Tourism ecozone* refers to tourism development areas, outside
28 protection lands, which have been granted Special Economic Zone
29 status, through the Philippine Export Zone Authority (PEZA) registration
30 and issuance of the required Presidential Proclamation, with its metes
31 and bounds delineated by said Proclamation, pursuant to Republic Act
32 No. 7916 or the Special Economic Zone Act of 1995 (SEZA), as amended;

33 bbbb) *Tourism estates* refer to large tracts of land with well-defined
34 boundaries in any area, excluding those in protection lands, identified in
35 the Philippine tourism master plan and regional tourism master plan, by
36 proclamation of the President of the Philippines and/or by acts of

1 Congress and/or by local legislation and declared suited for the
2 development of an integrated tourism and resort complex with
3 prescribed carrying capacities and limits for its facilities and activities;
4 cccc) *Tourist spot* refers to a particular area/site/spot, man-made or natural,
5 known for its unique tourist/visitor-drawing attributes and activities and
6 which may be classified according to its social, cultural, natural,
7 historical, aesthetic, visual, scientific, religious, and recreational
8 significance;
9 dddd) *Tourist zone* refers to a geographic area with well-defined boundaries
10 proclaimed as such by the President of the Philippines and/or by acts of
11 Congress. No development projects for any purpose shall be initiated
12 and introduced within the zone prior to the formulation of a tourism
13 master development plan which shall be undertaken in coordination with
14 the Department of Tourism (DOT) and the Tourism Infrastructure and
15 Enterprise Zone Authority (TIEZA). A tourist zone is established for the
16 enhancement and/or the conservation of cultural and historical heritage
17 and for the appreciation and enjoyment of the local population and its
18 visitors;
19 eeee) *Urban areas* refer to all cities regardless of their population density
20 and to municipalities with a population density of at least five hundred
21 (500) persons per square kilometer;
22 ffff) *Urbanizable areas* refer to sites and lands which, considering present
23 characteristics and prevailing conditions, display marked and great
24 potential of becoming urban areas within a period of five (5) years;
25 gggg) *Urban forestry* or *green space* refers to the establishment or setting-
26 up of areas for mini-forests, ecoparks or small nature parks, in both
27 public and private lands: wetlands, man-made lagoons and lakes
28 systems, riverbanks and shores, grasslands, roof and rock gardens:
29 lining roads and highways with trees, shrubs, or ornamental plants, and
30 ground landscaping of schools, hospitals, and other government
31 agencies in order to improve the environment in urban areas;
32 hhhh) *Water security* refers to the sufficient access throughout the year to
33 the minimum daily requirement of clean water to maintain a healthy life;
34 iii) *Water use* refers to the appropriation of water for domestic, municipal,
35 irrigation, power generation, inland fisheries, poultry and livestock,
36 industrial and commercial, environmental, and recreational use;

- 1 c) Protection of natural forests and natural resources ensures
2 environmental stability, conserve biological diversity, improve ecosystem
3 functions and provide long-term ecological and economic benefits.
4 Designated restoration areas are designed to revive the ecosystem
5 functions and services of forests as well as improve the economic and
6 ecological benefits of local communities;
- 7 d) Protection of forest and wetlands from infrastructure development to
8 preserve the ecological services they provide which are essential to
9 economic development. These activities include, but not limited to, river
10 channelization and dredging, large-scale irrigation and river diversions
11 which reduce riverine habitat and alter flood patterns and natural flow
12 regimes, reduce downstream water availability for agriculture and
13 contribute to salinization through saltwater intrusion in coastal areas;
- 14 e) Resolution of land use conflicts which are life-threatening or threatening
15 to public safety, sustainability of key production resources or
16 employment activities and the delivery of basic services which are
17 harmful or destructive to protected areas, flora and fauna, and other
18 protected natural resources. Greater consideration shall be given to the
19 human and tenurial rights of vulnerable groups in resolving land use
20 conflicts;
- 21 f) Identification of geo-hazard prone areas and high risk/danger zones and
22 corresponding risk reduction measures to ensure the prioritization of life
23 and safety: *Provided*, That specifically identified and assessed as
24 extremely hazardous and high-risk/danger zones shall be similarly
25 protected and cleared from all forms of human-made obstacles,
26 obstructions and instructions to ensure and secure public health and
27 safety;
- 28 g) Respect for existing customary rights and traditional land uses of
29 ICCs/IPs;
- 30 h) Identification of settlement areas to check the demand for land and
31 establish the location of employment-generating industries and basic
32 services; and
- 33 i) The availability of natural resources including indigenous energy
34 resources for energy security and self-sufficiency. However,
35 infrastructure energy projects such as dams with large reservoirs in
36 natural ecosystems shall not be allowed if it would interrupt the

1 connectivity of river systems, disrupt fish spawning and migration, and
2 alter seasonal flood regimes.

3 *Sec. 6. Categories of Land Uses for Planning Purpose.* – In determining and
4 defining the national, regional and provincial framework plans, and CLUPs, land uses shall
5 be grouped into four (4) major functional uses as follows:

6 a) Protection Land Use refers to the use of land primarily for rehabilitation,
7 conservation, and protection purposes and the promotion of the
8 country's ecological and life-support systems. Planning for protection
9 land use intends to achieve environmental stability and ecological
10 integrity, ensure a balance between resource use and the preservation
11 of some areas with environmental, aesthetic, educational, cultural and
12 historical significance, aid and protect people and human-made
13 structures from the ill-effects of natural hazards.

14 Areas under this category are those covered by the NIPAS Act of 1992
15 and other coastal and marine protected areas; areas outside NIPAS,
16 which include, but are not limited to:

17 a. Natural and restored forests, which consist of:

- 18 i. All existing areas within forestland containing primary and
19 secondary forests of whatever types of species;
- 20 ii. All existing areas within forestland containing secondary
21 growth or residual forests of whatever type or specie;
- 22 iii. Areas identified as KBAs;
- 23 iv. Restoration areas;
- 24 v. All mangrove forests;
- 25 vi. All easement areas as defined by Presidential Decree No.
26 1067, otherwise known as the Water Code of the
27 Philippines; and
- 28 vii. All other areas that would be deemed appropriate for
29 protection, as designated by the Department of
30 Environment and Natural Resources (DENR), subject to the
31 approval of the National Land Use Policy Council (NLUPC),
32 created pursuant to Section 55 hereof;

33 b. Rehabilitated and/or reforested degraded mining areas;

34 c. Critical ecosystems for protection, such as:

- 35 i. Coral reefs;
- 36 ii. Marshes and wetlands;

- 1 iii. Lakes and rivers;
- 2 iv. Caves; and
- 3 v. Waterfalls;
- 4 d. Disaster-prone areas that include areas subject to, or may be
- 5 subject to:
- 6 i. Recurrent flooding;
- 7 ii. Liquefaction;
- 8 iii. *Tsunamis*;
- 9 iv. Storm surges;
- 10 v. Polar vortex;
- 11 vi. Mass wasting;
- 12 vii. Volcanic eruption;
- 13 viii. Direct impact of seismic activity;
- 14 ix. Other disasters caused by climatic conditions; and
- 15 x. Other areas that pose a high degree of hazard to human
- 16 occupation and activity;
- 17 e. Critical watershed areas;
- 18 f. Marine protected areas;
- 19 g. All prime agricultural lands as defined under this Act;
- 20 h. Ecologically-fragile and environmentally-critical areas whose
- 21 conversion will result to serious environmental problems and
- 22 threats to public health and safety;
- 23 i. Natural and human-made areas/sites of cultural, historical and
- 24 anthropological significance, which are declared as such by
- 25 internationally-recognized institutions; and
- 26 j. All other areas not included and declared as production areas shall
- 27 become protection areas.
- 28 b) Production Land Use refers to the most efficient, sustainable, and
- 29 equitable utilization, development and management of land for
- 30 productive purposes which are not classified for protection land use as
- 31 defined in this section. Areas included in this category are agricultural
- 32 lands, coastal and marine zones, production forests, mineral lands,
- 33 energy resource lands, industrial and tourism development areas where
- 34 productive activities could be undertaken to meet the country's
- 35 requirements for economic growth and development. Production land
- 36 use shall comprise of, but shall not be limited to:

1 a. Other agricultural lands not identified as prime agricultural lands.

2 They shall consist of, but shall not be limited to:

3 i. Lands whose soils are suitable for agricultural
4 development;

5 ii. All alluvial plain lands that are suitable for agricultural
6 production and/or can be devoted to food production;

7 iii. All lands that are traditional sources of staple food;

8 iv. All croplands required to attain a certain scale of
9 production to sustain the economic viability of existing
10 agro-based industries in the municipality, city or
11 province; and

12 v. All lands in areas not highly prone to natural hazards
13 that are suitable for the production of tree crops and
14 other cash crops;

15 b. Coastal, inland water and marine zones, such as fishponds;

16 c. Production forests, such as:

17 i. All areas within forestland not classified as protection
18 forests under Section 6(a) and shall be devoted to the
19 production of timber and/or non-forest products or the
20 establishment of industrial tree plantations, tree farms,
21 woodlots, agro-forestry, or as multiple-use forests;

22 ii. All areas within forestlands considered as rangelands for
23 grazing purposes; and

24 iii. All areas within forestlands managed under the
25 community-based forest management in areas not
26 classified as protection forests;

27 d. Rangelands for grazing;

28 e. Industrial development areas; and

29 f. Tourism development areas, including potential small islands for
30 similar purposes.

31 c) Settlements and Institutional Land Use refers to the use of urban and
32 rural lands for settlements development purposes and/or improvement
33 on existing settlements involving the spatial distribution of population,
34 identification of the roles and functions of key urban centers,
35 determination of relationships among settlement areas, and the
36 provision of basic services and facilities to such settlements.

1 It shall also include lands identified for institutional uses such as
2 educational, administrative, government, law enforcement, health
3 care and social services. Settlements and institutional land uses aim
4 to ensure for the present and future generation the: (1) effective
5 integration of activities within and among settlements, allowing
6 efficient movement of people and production of commodities through
7 the provision of appropriate land, infrastructure, and facilities; and (2)
8 access of the population to housing, education, health care,
9 recreation, transportation and communication, sanitation, and basic
10 utilities such as water, power, waste disposal, and other services.

11 d) Infrastructure Land Use refers to the use of land dedicated to the
12 provision of basic services that foster economic and other forms of
13 integration necessary for producing or obtaining the material
14 requirements of Filipinos, in an efficient, responsive, safe and
15 ecologically friendly built environment. It includes, among others,
16 subsectors like: road networks, transportation and communication
17 facilities, social services, environmental service facilities, and utilities.

18 *Provided*, That the determination of the functional uses of lands within ancestral domains
19 should be consistent with the land use categories provided for in this Act:

20 *Provided, further*, That other subcategories of land uses in delineated ancestral domains
21 may be formulated by the concerned ICCs/IPs themselves in accordance with their
22 particular needs and traditional resource and management systems.

23 *Sec. 7. Land Use Plans for Ancestral Domains.* – Land use plans for ancestral
24 domains shall be formulated by the ICCs/IPs themselves in accordance with their
25 particular needs and traditional resource and management systems with the assistance
26 of the National Commission on Indigenous Peoples (NCIP), the LGUs and civil society
27 organizations (CSOs) concerned. Such plans shall be recognized and adopted in the
28 barangay, city/municipal, provincial, regional and national physical framework plans.

29 Physical framework plans made prior to the delineation of ancestral domains included in
30 such plans or ordinances shall, without prejudice to the rights of the ICCs/IPs concerned,
31 adopt different land use categories in accordance with their particular needs and
32 traditional resource and management systems.

33 In cases where there are no ADSDPPs, the LGU and the ICCs/IPs shall jointly formulate
34 the land use plan within the ancestral domain until such time that the ICCs/IPs have
35 formulated their ADSDPPs.

36 *Sec. 8. Adoption of Multiple Uses of Land.* – The primary and alternative uses of

1 a specific land resource shall be determined and evaluated by the respective local land
2 use boards prior to any decision for the assignment of its use. Areas feasible for
3 sustainable land resource use may be considered multiple-use zones wherein settlements,
4 tourism, agriculture, agro-forestry and extraction activities and other income-generating
5 or livelihood activities may be allowed except areas under protection land use: *Provided,*
6 That multiple uses of land resources shall be in accordance with priorities in land use
7 allocation identified in the approved physical framework and land use plans wherein such
8 multiple uses are compatible with the original land use and planning, and that no
9 reclassification shall be allowed: *Provided, further,* That, where there are vested rights,
10 titles, and claims prior to the enactment of this Act over the areas feasible for sustainable
11 land resource use, the same shall be respected.

12

13

CHAPTER III SPECIAL AREAS OF CONCERN

14

15

16

ARTICLE 1. LAND USE CLASSIFICATION

17

18 *Sec. 9. Review of Land Use Classification.* – The NLUPC shall review and assess
19 the current land use classification system and definitions used in the country to ensure
20 that reflects the actual use of lands in the country.

21 The Land Management Bureau (LMB) shall provide the necessary technical information
22 and conduct the needed assessment of the status of the existing land use classification
23 and shall submit an assessment report to the NLUPC not later than ninety (90) days from
24 the establishment of the latter.

25 *Sec. 10. Consideration of Assessment Report.* – Upon validation and affirmation
26 by local land use boards, the land use classification assessment report submitted by the
27 LMB shall be taken into consideration by the NLUPC in the formulation of its planning
28 guidelines.

29

30

ARTICLE 2. NIPAS AREAS

31

32 *Sec. 11. Integrated Management Strategy.* – For more effective planning,
33 management, and protection of protected areas at the provincial and municipal/city
34 levels, the Protected Area Management Plan (PAMP) referred to in the NIPAS Law shall
35 be incorporated in the Provincial Physical Framework Plan (PPFP) and CLUPs, if applicable,
36 wherein protected area zoning shall be reflected.

37

1 **ARTICLE 3. AGRICULTURAL LANDS**

2
3 *Sec. 12. Priority Areas for Agricultural Development.* – Priority areas for agricultural
4 development are the areas distributed under agrarian reform, areas that can be covered
5 by the Comprehensive Agrarian Reform Program (CARP), and the NPAAAD. The mapping
6 of the NPAAAD under the Agriculture and Fisheries Modernization Act (AFMA) shall be
7 completed not later than one (1) year from the effectivity of this Act.

8 *Sec. 13. Conversion of Agricultural Lands.* – All lands considered and identified as
9 prime agricultural lands shall be maintained, managed and protected for agricultural use
10 and shall not be subjected to any form of conversion or reclassification.

11 All other agricultural lands not identified as prime agricultural lands can only be converted
12 to nonagricultural uses upon issuance of a DAR conversion order: *Provided,* That such
13 conversion shall not drastically change the nature of the overall land uses in the
14 surrounding and adjacent areas from its existing land use: *Provided, further,* That
15 consistent with the State policy on giving priority to the completion of the CARP, those
16 lands covered under compulsory acquisition/voluntary offer to sell, production or profit-
17 sharing subject to CARP shall also be protected from conversion pending the distribution
18 and/or installation of the farmer beneficiaries: *Provided, finally,* That pending the
19 completion of mapping activities of the specific areas under the NPAAAD and the SAFDZs
20 under the AFMA and their incorporation in the National Physical Framework Plan (NPFP),
21 the application for conversion of these areas shall not be given due course by the
22 appropriate government agency.

23
24 **ARTICLE 4. ANCESTRAL DOMAIN**

25
26 *Sec. 14. Priority Areas for Agricultural Development Within Ancestral Domain.*
27 – Agricultural lands within ancestral domain shall be developed in accordance with their
28 ADSDPP.

29 *Sec. 15. Respect for Ancestral Domains.* – The Ancestral Domain
30 Management Plan (ADMP) or ADSDPP shall be adopted in the CLUP and/or other plans
31 that the LGU is mandated to produce. The extent of the ancestral domains shall be
32 reflected in the land use plan and shall be zoned as such in the zoning ordinance. It shall
33 be co-managed by the LGU and IP community. Additionally, the ADSDPP shall be included
34 in the investment plans of the LGU.

35 *Sec. 16. Ancestral Domain Policy Adoption.* – Ancestral domain policies shall
36 be adopted in the LGU's land use policy framework. However, in the event that the

1 ADMP/ADSDPP is still in the formulation stage or remains to be formulated, the right to
2 self-determination and traditional resource and management systems and processes shall
3 be upheld at all times as provided for by the IPRA of 1997.

4 5 **ARTICLE 5. FORESTLANDS AND RESERVATION OF WATERSHED** 6

7 *Sec. 17. Permanent Forestlands.* – All forestlands are classified as forest or
8 timberlands. Titles, settlements, permits, leases, and/or agreements within critical
9 habitats, critical watershed areas, protected areas and KBAs shall be reviewed, and their
10 legality affirmed. All erroneous titles, settlements, permits, leases, and/or agreements
11 within permanent forestlands shall be cancelled or revoked in due course. Noncompliance
12 with and violations of these instruments shall be grounds for their cancellation or
13 revocation: *Provided,* That the applicable provisions of the IPRA of 1997 shall be
14 respected.

15 Upon recommendation by the LGU, or the Forest Board, the DENR Secretary shall revoke
16 the abovementioned instruments.

17 *Sec. 18. Additional Areas to be Included as Permanent Forestlands.* – The following
18 lands are needed for environmental protection and forestry purposes and shall not be
19 reclassified as agricultural lands or for any other land use:

- 20 a) Isolated patches of forest, regardless of size and/or area, with rocky
21 terrain or which protect a spring/water source for communal use;
22 b) All mangroves and swamplands including twenty (20)-meter wide strips
23 facing oceans, lakes and other bodies of water not yet classified as
24 alienable and disposable lands;
25 c) Ridge tops and plateaus regardless of size found within or surrounded
26 wholly or partially by forestlands where headwaters emanate;
27 d) Twenty (20)-meter wide strips of land from the edge of the normal high
28 waterline of rivers and streams with channels of at least five (5) meters
29 width which are not yet classified as alienable and disposable;
30 e) Areas needed for public interest such as research or experimental
31 purposes; and
32 f) Areas considered as environmentally-critical because of their vulnerability
33 to damage from landslides, volcanic eruptions, and other natural causes.

34 *Sec. 19. Reversion of Alienable and Disposable Lands to Forestlands.* – Upon the
35 recommendation of the DENR Secretary, duly reviewed and endorsed by the NLUPC, and
36 after due consultations with the concerned LGUs and the affected parties, Congress may
37 authorize the reversion of alienable and disposable lands of the public domain or portion

1 thereof to forestlands.

2 *Sec. 20. Critical Watershed Areas.* – The DENR, in coordination with the DA, the
3 LGUs concerned, and other government agencies, including government-owned and -
4 controlled corporations, and after mandatory public hearings/consultations, shall identify
5 and delineate critical watershed areas that need to be protected, rehabilitated, enhanced,
6 and/or withdrawn from uses that contribute to their further degradation.

7 *Sec. 21. Formulation and Implementation of Integrated Watershed Management*
8 *Plans.* – With the assistance of the DENR and upon mandatory consultations with the
9 concerned sectors and communities, the LGUs, through their local land use boards, shall
10 prepare their watershed management plans which shall be integrated into their respective
11 CLUPs. The formulation and integration of the plan shall be guided, among others, by the
12 principle of the management and development of inland water resources at the watershed
13 level and shall be consistent with the National Forestry Master Plan (NFMP).

14 The DENR and the LGUs concerned shall jointly implement the watershed management
15 plan subject to regular consultations with and involvement of the community and other
16 stakeholders in the implementation of the plan.

17 *Sec. 22. Establishment and Management of National Parks.* – All areas proclaimed
18 by the President of the Philippines and Congress to be under the NIPAS, unless
19 disestablished, including those identified initial components of the NIPAS as KBAs shall
20 comprise the national parks classification of the public domain. The DENR and the LGUs
21 concerned shall ensure that such areas are integrated in the CLUP and physical framework
22 plans: *Provided, however,* That the preparation of management plans of protected
23 areas/national parks shall be in accordance with the provisions of the NIPAS Act and other
24 laws establishing or declaring specific areas as protection areas.

25 *Sec. 23. Establishment of Restoration Zones.* – Restoration areas shall be
26 designated in the management plan as such. Designation of restoration zones is
27 compulsory in all forest management plans and for all LGUs.

28

29

30

ARTICLE 6. COASTAL ZONES

31 *Sec. 24. Criteria for the Allocation and Utilization of Lands Within the Coastal*
32 *Zones.* – The allocation and utilization of lands within the coastal zones shall be subject
33 to the following guidelines:

34 a) Areas vegetated with mangrove species shall be protected, preserved
35 and managed as mangrove forestland and shall not be converted to
36 other uses;

- 1 b) Areas that meet all accepted criteria on elevation, soil type, soil depth
2 topography, supply for successful fishpond development, and are not
3 identified as mangrove protected areas shall be utilized for aquaculture
4 purposes as long as a 4:1 ratio for mangroves and fishponds is
5 maintained to support ecological processes in mangrove ecosystems;
- 6 c) Areas subclassified as mangrove and still suitable for use as such, or due
7 to environmental conditions, need to be preserved as mangroves but are
8 devoid of mangrove stands, shall not be converted to other uses. The
9 DENR shall ensure that these lands shall be reforested within a given
10 period of time;
- 11 d) Areas accessible to the sea and identified for fisherfolk settlement and
12 housing but are not part of or are not within any protected land use
13 areas shall be allocated to traditional fisherfolk who are inhabitants of
14 the coastal communities and/or members of registered fisherfolk
15 organizations and/or holders of stewardship lease contracts or titles to
16 ancestral domains or any form of property right arrangements who
17 participate in coastal resource management initiatives, subject to the
18 usual census procedures of the Housing and Urban Development
19 Coordinating Council (HUDCC): *Provided*, That the government shall
20 issue marine tenorial rights to organizations concerned based on a
21 criteria to be established by the NLUPC;
- 22 e) Areas that are neither subclassified as mangrove, fisherfolk settlement
23 nor fishpond may be devoted to recreational or tourism purposes:
24 *Provided*, That such undertaking will not result in environmental
25 degradation and displacement of small fisherfolks;
- 26 f) Areas which are considered as traditional fishing grounds shall be used
27 primarily for such purpose;
- 28 g) Areas shall be allocated for small infrastructure needed by municipal
29 fisherfolk and for fishing gear, boats, and post-harvest facilities; and
- 30 h) Areas which form part of foreshore lands as defined in this Act, including
31 those under lease agreements or arrangements, shall undergo zoning
32 and evaluation so their boundaries, actual sizes and corresponding uses
33 can be determined while ensuring that mangrove protection or
34 restoration zones are considered to keep the required 4:1 ratio between
35 mangroves and fishponds.

1 *Sec. 25. Coastal Land Zone Subclassification.* – All public lands in the coastal
2 zones shall be subclassified into any of the following: fishponds, mangroves, protection
3 from tidal surge for preservation of biodiversity, habitats and sanctuaries for endangered
4 wildlife, fisherfolk settlement, or recreational/tourism areas.

5 No subclassification of coastal zones to different uses shall be done without the following:

- 6 a) Conduct of a comprehensive inventory and resource and environmental
7 assessment by the DENR with respective LGUs and accredited
8 nongovernment organizations/peoples organizations (NGOs/POs) within
9 their jurisdiction. The result of such assessment along with a list of all
10 existing applications and expired foreshore lease agreements shall be
11 posted in three (3) conspicuous places in the affected localities; and
12 b) Prior consultation with local Fisheries and Aquatic Resource Management
13 Councils (FARMCS) formed pursuant to Republic Act No. 8550 or the
14 Fisheries Code.

15 *Sec. 26. Zoning of Coastal Areas.* – LGUs, in coordination with the DENR, the
16 FARMCS, local fisherfolk organizations and other concerned stakeholders such as women
17 and youth, shall prepare the Coastal Zoning Resource Management Plan (CZRMP) which
18 shall be incorporated in the CLUP. Management zones defined in the CZRMP should be
19 reflected in the CLUP and the subsequent zoning ordinance (ZO).

20 *Sec. 27. Tourism and Recreation Zone.* – The designation of areas for tourism
21 and resorts near to or over fishery areas or ports thereof shall be with the consent of the
22 concerned LGUs and FARMCS, and subject to the policies and guidelines set forth in this
23 Act.

24 *Sec. 28. Protection of Waterways, Easements and Flood Plains.* –Structures of
25 any kind shall not be built in waterways and easements. Pursuant to Presidential Decree
26 No. 1067 or the Water Code of the Philippines, the banks of rivers and streams and the
27 shores of the seas and lakes throughout their entire length and within a zone of three (3)
28 meters in urban areas, twenty (20) meters in agricultural areas and forty (40) meters in
29 forest areas, along their margins, are subject to the easement of public use only in the
30 interest of recreation, navigation, floatage, fishing and salvage.

31 The protection of flood plains shall adopt a river basin management approach, in order
32 to come up with integrated flood mitigation interventions. Development within flood
33 plains and other flood-prone areas must be controlled or, if allowed, must be so sited,
34 constructed and serviced that life of occupants are not put at risk and that disruptions
35 during floods are minimized. The identification and characterization of flood-prone areas
36 and flood plains shall be an integral part of the CLUP preparation. Through the CLUPs

1 and ZOs, LGUs shall establish land use regulations to mitigate flood risks.
2 To promote the best interest and the coordinated protection of flood plains, the
3 Department of Public Works and Highways (DPWH), in coordination with the Department
4 of Science and Technology (DOST) and the DENR, shall declare flood control areas, as
5 necessary, and shall prohibit or control activities that could damage or cause deterioration
6 of lakes and dikes, obstruct the flow of water, change the natural flow of rivers, increase
7 flood losses or aggravate flood problems pursuant to the Water Code of the Philippines.

8 *Sec. 29. Disposition of Public Lands for Fishponds.* – Upon the effectivity of this
9 Act, but subject to existing rights and the preceding section, no Fishpond Lease
10 Agreement (FLA) shall be issued for tidal swamps, mangroves and oilier swamps,
11 marshes, ponds, foreshore lands, and coastal areas within public lands, including those
12 presently declared available for fishpond development. The Land Use Policy Council
13 (LUPC), in coordination with the DENR, the DA, the FARMCs and the LGUs, shall set aside
14 a portion of available public lands for fish propagation, fish sanctuary, conservation,
15 ecological purposes and fisherfolk settlement areas. Fishponds covered by existing FLAs
16 but are abandoned or are not operating efficiently and are found suitable for mangroves,
17 shall be reforested with mangroves.

18 *Sec. 30. Immediate Restoration of Converted Mangrove Areas.* – The DENR, in
19 coordination with the FARMCs and other concerned agencies, shall immediately take steps
20 in the restoration of all abandoned, undeveloped and underutilized fishponds to their
21 original state as mangrove forests.

22

23

24

ARTICLE 7. MINERAL LANDS

25 *Sec. 31. Policies on Mineral Lands.* – Land use policies for mineral lands shall be
26 geared towards the rational, ecologically sound, and sustainable use of mineral resources
27 which shall promote economic growth for the local economy and uphold the human rights
28 of IPs and local communities in the affected areas.

29 *Sec. 32. Criteria for the Utilization and Allocation of Land for Mining Purposes.* –
30 The allocation and utilization of lands for mining purposes shall be guided by the
31 following:

- 32 a) The principles of sustainable development;
33 b) In case of small-scale mining, adequate and acceptable safeguards shall
34 be instituted by the holders of mining rights or permits to prevent
35 environmental degradation of the mining sites and adjacent areas;
36 c) Mineral reservations which have become nonoperational for more than

1 ten (10) years, as determined by the Mines and Geosciences Bureau
2 (MGB), shall be placed under appropriate surface management by the
3 DENR; and

- 4 d) Ancestral domains declared as protected by virtue of their ADSDPP as
5 well as all watershed areas shall be closed to mining.

6 **Sec. 33. Reversion of Mineral Lands.** – All mineral lands with exhausted mineral
7 resources, as determined by the MGB, shall automatically revert to their original land
8 classification, that is, as forestland or agricultural land. The concerned mining companies
9 shall bear the full cost of rehabilitation of these areas.

11 **ARTICLE 8. ENERGY RESOURCES**

13 **Sec. 34. Guidelines for the Utilization and Allocation of Lands for Energy Resource**
14 **Exploration, Development, Production, Utilization, and Distribution Purposes.** – To ensure
15 that the objectives of maintaining ecological balance and maximizing the power potential
16 from indigenous energy resources in the most economical and environmentally-
17 acceptable means are realized, the allocation and utilization of lands shall be guided by
18 the following, consistent with existing regulations and laws on energy resources:

- 19 a) Indigenous energy resource exploration and development for the
20 purpose of creating a National Energy Resource Inventory and Database
21 as well as an Energy Resource Block Map shall be allowed subject to the
22 implementation of complementary watershed and other land
23 management plans;
- 24 b) Indigenous energy resource exploration, development production,
25 utilization, and distribution shall be subject to the appropriate
26 requirements and processes of the Philippine Environmental Impact
27 Statement (EIS) system. Each project shall secure an Environmental
28 Compliance Certificate (ECC) prior to project implementation to ensure
29 that adequate and appropriate environmental management measures
30 and optimum methods for resource access and recovery are used;
- 31 c) Protected areas defined in Section 6 shall be closed to any kind of energy
32 resource development;
- 33 d) Energy reservations or portions thereof which have become or have
34 been established to be non-economically viable to operate or are no
35 longer used for energy purposes shall be reclassified to other land uses,
36 subject to existing laws covering energy reservations; and
- 37 e) Renewable energy shall be preferred over other energy resource.

1 Sec. 39. *Designation and Zoning of Socialized Housing Sites.* – Each city or
2 municipality in urban, urbanizable and rural areas shall designate through the CLUP
3 adequate lands for housing or residential purposes, including socialized housing and
4 resettlement areas, for the immediate and future needs of the local population as well as
5 the underprivileged and homeless in their territory, pursuant to existing laws and
6 regulations. In order to ensure adequate availability of land for the housing needs of the
7 local population, the CLUP may be revised at the minimum of ten (10) years, and
8 reviewable not earlier than every five (5) years.

9 The designated sites for socialized housing shall be located in residential zones, and shall
10 be zoned as socialized housing zones that are integrated in the city's or municipality's ZO,
11 duly approved by the NLUPC, pursuant to existing laws and regulations. Preference shall
12 be given to lands proximate to public transportation facilities which may include *inter alia*
13 railways and public terminals.

14 The location of resettlement areas may either be on-site or off-site and may be within
15 the city or municipality: *Provided*, That designated settlement and socialized housing
16 areas shall consider the proximity and accessibility of the affected community to
17 employment, economic activities and social services.

18 Within ninety (90) days from the effectivity of this Act, the NLUPC, in coordination with
19 concerned agencies, pursuant to HUDCC Resolution No. 521, series of 1992; Executive
20 Order No. 124, series of 1993; and other pertinent guidelines on the matter, shall
21 promulgate the necessary guidelines for the identification and designation of socialized
22 housing sites. All cities and municipalities in urban and urbanizing areas shall identify and
23 designate their socialized housing sites within one (1) year from the effectivity of this Act
24 and must submit the list of these sites and their respective areas to the HUDCC. These
25 sites shall be used exclusively for socialized housing as defined in the UDHA.

26 Sec. 40. *Zoning of Identified Sites for Socialized Housing.* – The identified
27 sites for socialized housing shall be located in residential zones identified by the city's or
28 municipality's CLUP and ZO duly approved by the NLUPC. However, for cities and
29 municipalities where the identified sites are not within the said residential zones, the
30 location shall be within the priority sites and conform with the suitability criteria as defined
31 in Sections 6.3 and 6.4 of the Guidelines in HUDCC Resolution No. 521, series of 1992,
32 or as may be defined in subsequent issuances. The identified sites shall be zoned as
33 socialized housing zones as defined herein.

34 The current ZO of LGUs shall be reviewed and revised such that the socialized housing
35 component shall be integrated thereto.

36 Sec. 41. *Valuation of Lands for Socialized Housing.* – Equitable land valuation

1 guidelines for socialized housing shall be set by the Department of Finance (DOF) on the
2 basis of the market value reflected in the zonal valuation or, in its absence, on the latest
3 real property tax declaration. For sites already occupied by qualified beneficiaries under
4 the UDHA, and sites identified as socialized housing zones as defined in this Act, the DOF
5 shall factor into the valuation, the blighted status of the land as certified by the LGU or
6 the National Housing Authority (NHA).

7 *Sec. 42. Guidelines for Identification of Settlement Sites.* – In identifying
8 settlement areas, prospective sites should be:

- 9 a) Within alienable and disposable lands but not in environmentally-
10 critical, geo-hazard or other protection areas;
- 11 b) Along established urban growth directions;
- 12 c) With provisions for or can be provided with basic services and utilities;
- 13 d) Within the 0-8% slope range; and
- 14 e) Accessible from existing built-up areas and other employment centers
15 through existing or proposed roads and other transportation facilities.

16 *Sec. 43. Urban Forest or Green Space.* – Each city or highly-urbanizing
17 municipality shall identify, designate, and allocate lands owned by the city or municipality
18 as urban forest or green space, based on the guidelines and standards to be issued by
19 the DENR and approved by the NLUPC.

20 *Sec. 44. Protection of Ecological Harmony.* – To ensure the ecological harmony
21 of towns, cities and settlements, certain projects that can alter the present use of a zoned
22 area shall not be issued a building permit, business permit, and/or development permit.
23 The identification of these projects shall be done in coordination with the LGU concerned.
24 All LGUs shall be required to designate restoration areas in their forestland use plans.

25

26 **ARTICLE 10. INDUSTRIAL DEVELOPMENT AREAS/SITES**

27

28 *Sec. 45. Criteria for Designating Industrial Development Areas.* – The identification
29 and establishment of industrial development areas shall conform to the provisions of the
30 SEZA, the Comprehensive Agrarian Reform Law (CARL), the IPRA, the UDHA, the
31 Fisheries Code and the AFMA, taking into consideration the following:

- 32 a) Identified network of areas for agricultural development and protected
33 agricultural areas pursuant to the AFMA;
- 34 b) National policies on the regional dispersal of industries and agri-based
35 industrial development;
- 36 c) Identified growth areas and corridors in the National Development Plan;

- d) NIPAS and non-NIPAS areas such as, but not limited to, KBAs and restored areas that require protection;
- e) National and Urban Development and Housing Framework;
- f) Identified socialized housing zones; and
- g) National Framework for Physical Planning and other existing national programs and policies.

The designated industrial development areas shall be located only in production land use areas and shall become an integral part of the land use plan and ZO of the city or municipality where these areas are located. The laws on CARP Extension with Reforms (CARPER), the IPRA, the UDHA, the Fisheries Code, the AFMA and the Local Government Code shall apply to all special economic zones and freeports.

ARTICLE 11. TOURISM DEVELOPMENT AREAS

Sec. 46. Designating Tourism Development Areas. – The identification, selection, and development of tourism development areas, and Tourism Enterprise Zones (TEZs) shall be done in consultation and coordination with the concerned LGUs, TIEZA, DOT, and other concerned national government agencies, the private sector and the affected communities, subject to the provisions of Republic Act No. 9593 or the Tourism Act of 2009. Tourism development areas shall likewise include those covered by legislative and executive issuances such as tourist spots, tourist zones and tourism ecozones which can be developed into tourism estates or integrated resort, leisure and recreation complexes and other tourism-related facilities as well as those identified in the national, regional, and area-specific tourism master plans and other sector plans, such as ecotourism and agri-tourism sites: *Provided,* That such sites designated for tourism development are outside of areas identified for protection land use. As much as practicable, community-based tourism shall be the principal mode of tourist spot operation. The laws on CARPER, IPRA, UDHA, the Fisheries Code, AFMA, the Local Government Code and National Ecotourism Strategy shall likewise apply to all tourist zones and tourist development areas.

Designated areas for tourism development shall become part of the CLUPs and ZOs of the cities or municipalities where these are located.

Sec. 47. Identification and Preservation of Cultural Heritage. – In accordance with Republic Act No. 10066 or the National Cultural Heritage Act of 2009, the National Historical Commission of the Philippines (NHCP), the National Museum (NM), and the National Commission for Culture and the Arts (NCCA), in coordination with other concerned agencies, local communities, and the private sector, shall identify and declare

1 areas and structures which shall be protected and preserved as part of Philippine cultural
2 heritage.

3 The NHCP and the NM, in consultation with the NCCA and the Housing and Land Use
4 Regulatory Board (HLURB), shall designate heritage zones to protect the historical and
5 cultural integrity of a geographical area that is significant to national history.

6 The LGUs, in consultation with the NHCP, the NM, and the NCCA, shall designate heritage
7 zones to protect the historical and cultural integrity of geographical areas and cultural
8 spaces of intangible cultural properties, which are significant to a city or municipality and
9 the community.

10

11 **ARTICLE 12. INFRASTRUCTURE DEVELOPMENT**

12

13 *Sec. 48. Allocation and Use of Land for Infrastructure Development.* – Land,
14 whether public or private, shall be allocated and utilized for priority infrastructure projects
15 that are supportive of national or local development objectives. The National Economic
16 and Development Authority (NEDA), in consultation with the concerned national
17 government agencies, LGUs, and the private sector, shall identify and periodically review,
18 update and/or revise the list of priority infrastructure projects under an overall national
19 strategic infrastructure development plan subject to the provisions of this Act, AFMA and
20 IPRA: *Provided,* That such national strategic infrastructure development plan shall be
21 consistent and integrated in the objectives and directions of the NPPF.

22 In determining and evaluating the list of priority infrastructure projects, consideration
23 shall be given to those that:

24 a) Respond to immediate and vital requirements of the national and
25 regional economy with priority to improving production-market
26 integration, inter-modal transport, conveyance and logistics linkages,
27 rural infrastructure and the development of the agriculture and fisheries
28 sectors;

29 b) Upgrade existing facilities to international public safety standards;

30 c) Address the need for sustainable settlements development; and

31 d) Mitigate the destructive effects of natural disaster-causing phenomena
32 or those that shall serve as alternatives to existing infrastructure found
33 in natural hazard-prone areas.

34 *Provided,* That the provision and implementation of infrastructure support shall be made
35 compatible with existing environmental conditions and the physical, whether natural or
36 human-made, and cultural character of the area. Mandatory public consultations pursuant

1 to existing laws and regulations shall be held prior to the conduct of all infrastructure
2 projects that will necessarily involve dislocation or displacement of people in the area:

3 *Provided, further,* That the proponent of the infrastructure project shall follow the rules
4 on just and humane eviction or demolition under Section 28 of the UDHA as a last resort,
5 notwithstanding the provisions of Republic Act No. 8975, prohibiting lower courts from
6 issuing temporary restraining orders, preliminary injunctions, or preliminary mandatory
7 injunctions, and that the proponent shall follow provisions of the IPRA, particularly those
8 pertaining to the rights of ICCs/IPs in case of displacement:

9 *Provided, finally,* That national government infrastructure projects shall provide
10 budgetary allocations for the adequate relocation of displaced communities.

11 *Sec. 49. Infrastructure Projects Within Geo-hazard Areas.* – Construction of
12 priority infrastructure projects within hazard-prone areas shall be allowed: *Provided,* That
13 mitigating and/or preventive measures are adopted and implemented to address the
14 potential adverse economic, sociocultural, and environmental impacts that will emanate
15 from these infrastructure projects, subject to the findings and recommendations of a
16 feasibility study/EIA in accordance with Presidential Decree No. 1586 (EIS System) and
17 Republic Act No. 4846 or the Cultural Properties Preservation and Protection Act.

18 Existing projects that were undertaken without the required EIA and which pose a threat
19 to the environment, or to the integrity of historic, archaeological, or scientifically
20 significant areas, or impinge on critical ecosystems, may be terminated immediately, or
21 gradually phased-out and relocated, or maintained up to their life span, subject, however,
22 to mitigating measures: *Provided,* That the rules on mandatory public
23 hearings/consultations and just and humane eviction or demolition shall also be observed
24 prior to the termination, gradual phase-out, or relocation of projects that will necessarily
25 involve dislocation or displacement of people in the area.

26

27 **CHAPTER IV**
28 **PHYSICAL FRAMEWORK AND LAND USE PLAN**
29

30 *Sec. 50. National Land Use Planning Process.* – The physical framework and land
31 use planning process shall be participatory, following a combined bottom-up and top-
32 down approach, with mandatory public hearings/consultations conducted at all levels,
33 and shall consider available and updated multidisciplinary scientific information of land
34 uses.

35 A set of national policy guidelines and standards for physical planning shall be formulated
36 by the NLUPC. These shall guide the preparation and formulation of the national, regional
37 and provincial physical framework plans.

1 These standards shall give due consideration to conflicting uses and areas being used,
2 declared or designated for agrarian reform, protected areas, coastal resource
3 management and/or ancestral domains.

4 The NPPF shall define the national strategy and objectives of the country's urban, rural
5 and regional development. It shall guide the rational distribution of population, access to
6 economic opportunities and social services, sustainable utilization of resources, and
7 maintenance of environmental integrity.

8 Furthermore, it shall consider the existing regional physical framework plans (RPPFs) and
9 PPFs.

10 The RPPFs, the PPFs and the CLUPs, which cover the physical development of their
11 respective territories, shall be consistent with the NPPF: *Provided*, That the integration
12 and harmonization of physical framework plans at all levels shall be iterative to ensure
13 that the concerns of both top and bottom levels of government are considered in the
14 NPPFs, RPPFs, PPFs and CLUPs.

15 The physical framework and land use plans prepared at all levels shall be consistent with
16 each other, specifically on the linkages of the major land use categories to ensure their
17 complementation in the utilization, development and management of resources.

18 The period of coverage of the national, regional and provincial framework plans shall be
19 thirty (30) years with regular review and updating every ten (10) years.

20 Sec. 51. *National Physical Framework Plan.* – The NPPF shall guide the planning
21 and management of the country's land and other physical resources at the national and
22 subnational levels, and indicate broad spatial directions and policy guidelines on
23 protection land use, production land use, settlement development and infrastructure
24 development. The NPPF shall be the basis for adopting the land use and physical
25 planning-related guidelines, including zoning and other land use control standards that
26 will guide the formulation of city/municipal ZOs.

27 The NLUPC, in consultation with concerned sectors and communities, shall update the
28 NPPF after such period that objectives and goals set by the NPPF have been substantially
29 achieved. It shall also formulate and issue the appropriate planning guidelines and
30 standards through which all physical planning, land use and management of resources
31 shall be reviewed, prepared, formulated and monitored.

32 The resulting land use plan/physical framework shall be the basis for the identification,
33 formulation and development of national and local development plans, programs, projects
34 and activities of the government at all levels.

35 Sec. 52. *Regional Physical Framework Plan.* – The RPPF shall provide broad
36 spatial directions and policy guidelines on protection land use, production land use,

1 settlement development, and infrastructure development at the regional level and guide
2 the formulation of the PFPs. The RFPF shall consider the existing PFPs and the CLUPs
3 of LGUs within the territorial jurisdiction of the region.

4 The Regional Land Use Policy Council (RLUPC), created under Section 59 of this Act, shall
5 formulate and periodically update the RFPF based on the guidelines issued by the NLUPC,
6 in a manner consistent with and following the objectives of the NFPF. Likewise, the
7 Medium-Term Regional Development Plan (MTRDP) and the Medium-Term Regional
8 Development Investment Program (MTRDIP) shall be guided by and made consistent
9 with the objectives identified in the RFPF.

10 *Sec. 53. Provincial Physical Framework Plan.* – The PFPF shall determine the
11 physical development of the entire provincial territory, consolidate and harmonize the
12 comprehensive land use plans of component cities and municipalities, consistent with the
13 RFPF. It shall reflect the indicative land use management and physical development
14 direction of the province.

15 Further, the PFPF shall serve as basis for other sectoral and development plans related
16 to land, natural resources, and infrastructure facilities, including the development plan of
17 the province; reconciliation and rationalization of land use proposals among component
18 cities and municipalities and with the higher level framework plan; guiding development
19 agencies and private developers, particularly those that undertake large-scale projects;
20 and providing a basis for resolving conflicts arising from the implementation of land use
21 plans and development projects involving two (2) or more municipalities.

22 The PFPF shall serve as the basis for the preparation of the Provincial Development Plan
23 (PDP) and Provincial Development Investment Program (PDIP). The PFPF, PDP, PDIP
24 and/or Provincial Physical Framework and Development Plan (PPFDP) shall serve as the
25 basis for the formulation of sectoral action plans of national government agencies in the
26 province and all LGUs within its jurisdiction. The province may opt to prepare their PDP
27 alongside the preparation of the PFPF and consolidate them into a PPFDP: *Provided,*
28 *That PPFDP shall remain consistent with the PFPF: Provided, further,* That any review or
29 changes in the PFPF shall coincide with the overall review process of the NFPF.

30 The Provincial Land Use Planning and Management Board (PLUPMB), created under this
31 Act, shall ensure that the PFPF is consistent with the national and regional planning
32 framework and guidelines issued by the NLUPC/RLUPC. The PFPF shall be presented to
33 the Provincial Development Council (PDC) for endorsement to the sangguniang
34 panlalawigan, who shall formally adopt and approve the PFPF. The approved PFPF shall
35 be submitted to the RLUPC for consolidation and integration into the RFPF.

1 Under the general supervision of the PLUPMB, the Provincial Planning and Development
2 Office/Coordinator (PPDO/PPDC) shall provide technical, secretariat and administrative
3 support in the preparation, consultation, integration and formulation process of the PFP.

4 *Sec. 54. City and Municipal Land Use Plans.* – All barangays shall provide their
5 sectoral, temporal and spatial data for the CLUP which shall serve as the foundation for
6 the formulation of the city/municipal CLUPs. The data shall be provided by the
7 sangguniang pambarangay through stakeholder consultations. The CLUP shall determine
8 the specific uses of land and other physical and natural resources, both private and public,
9 within their territorial jurisdiction including areas co-managed with the national
10 government and, as appropriate, management plans for ancestral domains, critical
11 watersheds, river basins, and protected areas.

12 The CLUP shall delineate actual boundaries on the ground within the territorial
13 jurisdiction, embody the desired land use patterns of the barangay, city or municipality,
14 translate and integrate sectoral plans, and provide appropriate policies for each of the
15 four (4) land use planning categories. The spatial directions prescribed in the CLUP shall
16 serve as the basis for the preparation and formulation of the Comprehensive Development
17 Plan (CDP) and the Local Development Investment Programs (LDIP) of the LGUs.

18 Consistent with the national standards and guidelines prescribed in Section 50, the cities
19 and municipalities shall, in consultation with the concerned sectors, prepare their
20 respective CLUPs. The City/Municipal Land Use Planning and Management Board
21 (C/MLUPB), created under this Act, shall be responsible for the preparation and
22 formulation of the CLUP and ensure its consistency with national and regional physical
23 planning guidelines and standards. Under the general supervision of the respective
24 C/MLUPB, the City/Municipal Planning and Development Office/Coordinator
25 (C/MPDO/PDC) shall provide technical, secretariat and administrative support in the
26 preparation, consultation, integration and formulation process of the respective CLUPs of
27 each city or municipality.

28 The CLUPs shall be submitted by the city/municipal local development councils (LDC) for
29 adoption and approval of the sangguniang bayan. The approved CLUPs shall be submitted
30 to the province for integration into the PFP.

31

32

33

34

CHAPTER V IMPLEMENTING STRUCTURE AND MECHANISM

35 *Sec. 55. Creation of the NLUPC.* – The National Land Use Committee (NLUC) under
36 the NEDA Board (NB) is hereby abolished and, in its stead, the NLUPC shall be created.
37 It shall exercise the powers and responsibilities identified under this Act and assume the

1 functions of the NEDA Board-National Land Use Committee (NB-NLUC). It shall further
2 exercise the powers and functions pertaining to land use planning vested by law to the
3 HLURB, except the following:

- 4 a) Formulate land use planning guidelines in the preparation of the CLUPs
5 and ZOs of LGUs to ensure compliance with the national policies,
6 objectives, priorities and directions set by the NLUPC;
- 7 b) Provide technical and other forms of planning assistance to, including
8 capacity building for, LGUs and zoning boards; and
- 9 c) Act as the appellate body on decisions of local zoning bodies on locational
10 clearance applications and/or oppositions thereto and other zoning issues
11 involving private rights.

12 The NLUPC shall act as the highest policy-making body on land use and shall resolve land
13 use policy conflicts between or among agencies, branches, or levels of the government.
14 It shall integrate efforts, monitor developments relating to land use and the evolution of
15 policies.

16 *Sec. 56. Composition of the NLUPC.* – The NLUPC shall be headed by the
17 Secretary of the NEDA as Chairperson. It shall choose a Vice Chairperson from among
18 the members of the Council, who shall assume the functions of the Chairperson in case
19 of absence. The NLUPC shall meet at least once every quarter.

20 The members of the Council shall be the following:

- 21 a) The Secretary of the Department of Agrarian Reform (DAR);
- 22 b) The Secretary of the Department of Agriculture (DA);
- 23 c) The Secretary of the Department of Environment and Natural
24 Resources (DENR);
- 25 d) The Secretary of the Department of the Interior and Local Government
26 (DILG);
- 27 e) The Chairperson of the National Commission on Indigenous Peoples
28 (NCIP);
- 29 f) The Chairperson of the Housing and Urban Development Coordinating
30 Council (HUDCC);
- 31 g) The Chief Executive Officer of the Housing and Land Use Regulatory
32 Board (HLURB);
- 33 h) The Administrator of the National Mapping and Resource Information
34 Authority (NAMRIA);
- 35 i) President of the League of Cities of the Philippines (LCP);
- 36 j) President of the League of Municipalities of the Philippines (LMP);

- 1 k) Two (2) representatives each from four (4) basic sectors directly
2 involved in land use, namely: urban poor, peasants, fisherfolk, and
3 indigenous peoples who shall be appointed by the respective National
4 Anti-Poverty Commission (NAPC) sectoral councils. Of the eight (8)
5 sectoral representatives, at least four (4) shall be women: *Provided,*
6 That one of whom shall be from the Moro sector;
- 7 l) Four (4) representatives from the developers' associations; the
8 accredited associations of professionals dealing with land use such as,
9 but not limited to, urban and regional planners, environmental
10 planners, architects, geologists and geodetic engineers; the business
11 or private sectors; and
- 12 m) The Head of the NLUPC Secretariat shall be a nonvoting *ex officio*
13 member.

14 Cabinet Secretaries who are members of the Council may designate their duly authorized
15 and permanent representatives whose ranks shall in no case be lower than
16 Undersecretary.

17 *Sec. 57. Powers and Functions of the NLUPC.* – The NLUPC shall have the
18 following powers and functions:

- 19 a) Guide the determination and identification of the country's strategic
20 land use development and physical planning objectives, priorities and
21 direction, as well as recommend the adoption, passage, or amendment
22 of laws to ensure that plans, programs, projects, and activities,
23 including local government initiatives affecting land use are consistent
24 with national development objectives;
- 25 b) Formulate the necessary national policy guidelines in the preparation
26 of the country's physical framework plans, including the setting of
27 limits/target key land uses needed for protection, production,
28 settlements and infrastructure for present and future needs;
- 29 c) Ensure that policies, guidelines and standards on land use and physical
30 planning, including zoning, shall be followed by the RLUPC, local land
31 use boards and concerned national agencies, and that the RPPF, PPF
32 and CLUPs shall be consistent with the NPFP;
- 33 d) Ensure the consistency of other national development and sectoral
34 plans and programs, including the medium-term Philippine
35 Development Plan and Public Investment Program (PIP), with the
36 NPFP;

- 1 e) Integrate and harmonize all laws and policies relevant to land use in
2 order to come up with a rational, cohesive, and comprehensive national
3 land use framework and, if warranted, recommend to Congress the
4 adoption, passage or amendment of laws to ensure that sectoral plans,
5 projects and activities, including local government initiatives affecting
6 land use are consistent with national development objectives;
- 7 f) Resolve policy conflicts on land uses between or among agencies,
8 branches, or levels of government and unresolved land use policy
9 conflicts at the regional level;
- 10 g) Issue locational clearance for projects of national significance;
- 11 h) Call on any department, bureau, office, agency, or instrumentality of
12 the government and or private entities and organization for
13 cooperation, support, and assistance in the performance of its
14 functions;
- 15 i) Review the NPPF every ten (10) years;
- 16 j) Advise the President of the Philippines and the NEDA Board on all
17 matters concerning land use and physical planning;
- 18 k) Adopt rules of procedures for the orderly and expeditious conduct of
19 meetings and other business of the Council; and
- 20 l) Perform such other acts and functions and exercise such other powers
21 as may be necessarily implied, inherent, incident, or related to the
22 foregoing.

23 **SEC. 58. *The NLUPC Secretariat.*** – The existing unit of the NEDA in charge of
24 Land Use and Physical Planning Division shall act as the NLUPC Secretariat which shall
25 perform functions such as, but not limited to, managing information, gathering of data,
26 coordinate the monitoring of government agencies and LGUs, ensuring multi-stakeholder
27 participation towards formation of local land use policy boards, sharing of database and
28 mapping systems, and reinforcing relevant assessment tools and capability-building
29 programs.

30
31 **CHAPTER VI**
32 **REGIONAL AND LOCAL LAND USE POLICY BODIES**
33

34 **Sec. 59. *The Regional Land Use Policy Council (RLUPC).*** – At the regional level,
35 the Regional Land Use Committee (RLUC) is hereby abolished and, in its stead, the RLUPC
36 shall be created. The RLUPC shall be institutionalized, replicating the NLUPC structure
37 and composition. It shall be chaired by the NEDA Regional Director and shall exercise the

1 following functions:

- 2 a) Formulate regional policies and guidelines which are consistent with the
3 national planning guidelines issued by the NLUPC in the preparation and
4 formulation of the respective provincial physical planning and
5 comprehensive land use plans of LGUs within its jurisdiction;
- 6 b) Prepare and periodically update the RPPF, taking into consideration national
7 polices and lower level plans;
- 8 c) Review, prior to adoption by the respective sanggunians, the PPFs and
9 CLUPs of highly-urbanized and independent component cities to ensure
10 consistency with the RPPF and national policies set forth by the NLUPC;
- 11 d) Decide and resolve policy conflicts on land use planning, classification, and
12 allocation that may arise between or among regional line agencies,
13 provinces and cities/municipalities;
- 14 e) Monitor changes in land use and other physical resources in the region;
- 15 f) Coordinate and monitor the land use activities of regional line agencies and
16 LGUs;
- 17 g) Evaluate consistency of major programs and projects of regional agencies
18 and entities with the RPPF and their impact on land use and the
19 environment; and
- 20 h) Perform other related functions as may be directed by the NLUPC.

21 In forestland use management, where the watershed area/continuum covers several
22 municipalities across different provinces, an inter-LGU task force composed of
23 representatives from the RLUPC and the concerned municipal local government units
24 where the watershed area is located shall be formed. With the assistance of the DENR
25 and upon mandatory consultations with the concerned sectors, the inter-LGU task force
26 shall formulate the watershed management plan for the said watershed area.

27 *Sec. 60. The Provincial Land Use Planning and Management Board (PLUPMB). –*
28 The Provincial Land Use Committee (PLUC) is hereby abolished. The PLUPMB is created
29 in all provinces under this Act to oversee the preparation, integration, adoption and
30 approval of the PPF and shall ensure its consistency with approved national and regional
31 planning guidelines. The PLUPMB shall also be directly responsible for the effective
32 management and implementation of the approved PPF and ensure that any existing and
33 future development initiatives, programs and projects introduced within its jurisdiction
34 are consistent with and supportive of the land use resource management and physical
35 planning objectives, directions and character identified in the approved PPF.

36 *Sec. 61. Powers and Responsibilities of the PLUPMB. –* The following are the

1 powers and responsibilities of the PLUPMB:

- 2 a) Formulate necessary provincial planning guidelines and/or
3 implementing policies for the preparation and formulation of the
4 respective CLUPs within its jurisdiction consistent with approved
5 national and regional planning policies and guidelines;
- 6 b) Submit to the PDC the draft CLUP for its transmission to the
7 sangguniang panlalawigan and for the PDC to use it as reference for
8 consistency and complementation with other development plans;
- 9 c) Review, monitor and assess the implementation and operationalization
10 of the approved CLUP and its consistency with physical planning and
11 land use management objectives and goals identified in the CLUP;
- 12 d) After an appropriate period of time or upon instruction and advice by
13 the NLUPC, conduct and initiate a progress review of the PPFPP and the
14 achievement of its stated objectives and goals, and update the PPFPP;
- 15 e) Decide and resolve policy conflicts on land use planning, classification,
16 and allocation that may arise between or among cities/municipalities
17 and facilitate the resolution of any unresolved land use conflict,
18 including political boundary conflicts, at the city/municipality level;
- 19 f) Advise the sangguniang panlalawigan on all matters pertaining to land
20 use and physical planning;
- 21 g) Promote cooperation and sharing of resources between and among
22 component LGUs of the province or with neighboring LGUs to address
23 common land use and development issues including those related to
24 geo-physical hazards, watershed and river basin management, coastal
25 and marine waters, climate change impact and disaster risks; and
- 26 h) Assist the sangguniang panlalawigan in reviewing the submitted CLUPs
27 of component cities/municipalities to ensure consistency with the PPFPP.

28 In cases where the watershed areas transcend the boundaries of a particular municipality,
29 an inter-LGU task force composed of representatives from the PLUPMB of the municipal
30 local government units where the watershed area is located shall be formed.

31 *Sec. 62. Composition of the PLUPMB.* – The PLUPMB shall be composed of
32 the following fifteen (15) members to be selected based on the rules to be formulated by
33 the NLUPC as provided in this Act:

- 34 a) Provincial Planning and Development Coordinator (PPDC);
35 b) Chairperson of the Sangguniang Panlalawigan Committee on
36 Environment and Natural Resources;

- 1 c) Provincial Chapter President-League of Municipalities and/or League of
2 Cities;
- 3 d) Provincial Agrarian Reform Officer (PARO);
- 4 e) Provincial Environment and Natural Resources Officer (PENRO);
- 5 f) Provincial Agricultural Officer (PAO);
- 6 g) NCIP Provincial Officer;
- 7 h) HLURB Regional Officer;
- 8 i) Three (3) representatives from the local business or private sector; the
9 developers' association and accredited associations of professionals
10 dealing with land use such as, but not limited to, urban and regional
11 planners, environmental planners, architects, geologists, geodetic
12 engineers; and chamber of commerce, who shall be appointed from
13 among the accredited organizations within their respective
14 development councils;
- 15 j) Four (4) representatives from the basic sector groups (urban poor,
16 fisherfolk, farmers and indigenous peoples): *Provided*, That at least
17 two (2) representatives shall be women: *Provided, further*, That the
18 representatives shall be appointed from among the accredited
19 organizations within their respective development councils: *Provided*,
20 *finally*, That, in predominantly Muslim areas, one of whom shall be from
21 the Moro sector; and
- 22 k) Designated Board Chairperson, to be chosen among the members.

23 Except for *ex officio* members, the members of the PLUPMB shall be appointed for a term
24 of three (3) years, subject, however, to the elected office held, government employment
25 and/or official designation of the LGU, national agency and/or local business/private
26 sector association or basic sector group representation in the board. The NLUPC, within
27 ninety (90) days from its establishment, shall formulate the rules for the selection of the
28 Chairperson and the members in the PLUPMB. The PPDO/PPDC shall provide technical
29 secretariat and administrative support and resources for the effective operation of the
30 PLUPMB.

31 Aside from the PPDO, the PLUPMB may call upon other local and national government
32 offices and agencies such as the local Engineer, Assessor, and local field representatives
33 of the DA, DPWH, the Department of Transportation and Communications (DOTC), DOT,
34 DENR, DAR, the Department of Education (DepED), NCIP and other concerned national
35 agencies to assist the PLUPMB in the performance of its roles and mandates.

1 Appropriations for the regular operation and activities of the PLUPMB shall be included in
2 the annual budget proposal of the PPDO: *Provided*, That other funds and resources,
3 including grants, applicable service fees and charges collected, contributions, donations,
4 and other funds to support its operations and activities may be accepted and received by
5 the PLUPMB, subject to existing auditing and reporting procedures.

6 *Sec. 63. City/Municipal Land Use Planning and Management Board (C/MLUPMB).*

7 – A C/MLUPMB is hereby created under this Act in all municipalities and cities, including
8 highly-urbanized and component cities, to oversee the preparation, integration, adoption
9 and approval of their respective CLUPs. It shall issue a Certificate of Compliance prior to
10 the submission of the CLUP to the sanggunian to ensure the consistency of such plans
11 with approved national, regional and provincial planning guidelines. The C/MLUPMB shall
12 also be directly responsible for the effective management and implementation of the
13 approved CLUP and for ensuring that existing and future local policies, including ZOs,
14 development initiatives, programs and projects introduced within its jurisdiction, are
15 consistent with and supportive of the land use resource management and physical
16 planning objectives, directions and character identified by the approved CLUP.

17 *Sec. 64. Powers and Responsibilities of the C/MLUPMB.* – The C/MLUPMB
18 shall exercise the following powers and functions:

- 19 a) Ensure the inclusion of the input of the barangays within the jurisdiction
20 of the respective city/municipality on sectoral, temporal and spatial
21 dimensions of the plan and its consistency with approved national,
22 regional and provincial planning guidelines;
- 23 b) Review, monitor and assess the implementation and operationalization
24 of the approved CLUP and its consistency with physical planning and
25 land use management objectives and goals identified in the CLUP;
- 26 c) Issue a Certificate of Compliance to the sanggunian as proof that the
27 CLUP is compliant with national land use polices, guidelines and
28 standards;
- 29 d) Submit to the LDC the draft CLUP for its transmission to the sanggunian
30 and for the LDC to use it as basis for consistency and complementation
31 with other development plans;
- 32 e) Decide and resolve policy conflicts on land use planning, classification,
33 and allocation that may arise between or among barangays and
34 facilitate the resolution of any unresolved land use conflict, including
35 boundary conflicts, involving barangays;

- 1 f) Based on the CLUP, review and endorse for approval/disapproval
2 applications for locational clearances, building and zoning permits
3 and/or other planning-related requirement for any project, both private
4 and public, that is submitted to the LGU for issuance;
- 5 g) Advise the sangguniang bayan on all matters pertaining to land use
6 and physical planning; and
- 7 h) Promote cooperation and sharing of resources between and among its
8 barangays and neighboring LGUs to address common land use and
9 development issues, including those related to geo-physical hazards,
10 watershed and river basins, coastal and marine waters, climate change
11 impact and disaster risks.

12 Sec. 65. *Composition of the C/MLUPMB.* – The C/MLUMPPB shall be composed
13 of the following thirteen (13) members and shall be headed by a Chairperson:

- 14 a) City/Municipal Planning and Development Coordinator (C/MPDC);
- 15 b) Chairperson, Sangguniang Bayan Committee on Environment and
16 Natural Resources;
- 17 c) President of the Association of Barangay Captains (ABC);
- 18 d) Municipal Agrarian Reform Officer (MARO);
- 19 e) LGU Environment and Natural Resources Officer (City/Municipal ENRO);
- 20 f) Municipal Agriculture Office (MAO);
- 21 g) Three (3) representatives from the local business/private sector; the
22 developers' associations; the accredited associations of professionals
23 dealing with land use such as, but not limited to, urban and regional
24 planners, environmental planners, architects, geologists and geodetic
25 engineers; and association/chamber of commerce, who shall be
26 appointed from among the accredited organizations within their
27 respective development councils;
- 28 h) Four (4) representatives from the basic sector groups (urban poor,
29 fisherfolk, farmers and indigenous peoples): *Provided*, That at least two
30 (2) representatives shall be women: *Provided, further*, That the
31 representatives shall be appointed from among the accredited
32 organizations within their respective development councils: *Provided*,
33 *finally*, That, in predominantly Muslim areas, one of whom shall be from
34 the Moro sector; and
- 35 i) Designated Board Chairperson, to be chosen among the members.

1 Except for *ex officio* members, the members of the C/MLUPMB shall be appointed for a
2 term of three (3) years, subject, however, to the elected office held, government
3 employment and/or official designation in the LGU, national agency and/or local
4 business/private sector association or basic sector group representation in the board. The
5 NLUPC, within ninety (90) days from its establishment, shall formulate the rules for the
6 selection of the Chairperson and members of the C/MLUPMB. The City/Municipal Planning
7 and Development Office/Coordinator (C/MPDO/C) shall provide technical secretariat and
8 administrative support and resources for the effective operation of the C/MLUPMB.
9 Aside from the C/MPDO/C, the C/MLUPMB may call upon other local and national
10 government offices and agencies, such as the local Engineer, Assessor, and local field
11 representatives of the DA, DPWH, DOTC, DOT, DENR, DAR, DepED and other concerned
12 national agencies, to assist the C/MLUPMB in the performance of its roles and mandates.
13 Annual appropriations for the operation and activities of the C/MLUPMB shall be included
14 in the annual budget proposal of the C/MPDO/C: *Provided*, That other funds and
15 resources, including grants, applicable service fees and charges collected, contributions,
16 donations, and other funds to support its operations and activities may be accepted and
17 received by the PLUPMB, subject to existing auditing and reporting procedures.
18 LGUs shall create and/or activate their respective C/MLUPMB, upon guidelines issued by
19 the NLUPC for such purposes, not later than six (6) months from the effectivity of this
20 Act.

21
22 **CHAPTER VII**
23 **ADOPTION, APPROVAL AND REVIEW OF LOCAL LAND USE**
24 **AND PHYSICAL FRAMEWORK PLANS**
25

26 *Sec. 66. Approval and Review of the PFP and the CLUPs.* – The PFP and the
27 CLUPs of the respective city/municipal LGUs, including highly urbanized cities and
28 independent component cities, shall be submitted by the local land use boards to the
29 LDCs for transmission to the local sanggunian for approval.

30 *Sec. 67. Approval of the RFP and the NFP.* – The RFP and the NFP shall be
31 submitted for review and approval of the RLUPC and the NLUPC, respectively, upon the
32 conduct of appropriate stakeholder and agency consultations: *Provided*, That such
33 processes and guidelines shall be prepared and issued by the NLUPC within six (6) months
34 from effectivity of this Act.

Sec. 68. National Mapping and Spatial Data Infrastructure Program (NMSDIP). – A national mapping program shall be implemented, coordinated and monitored through the creation of the Inter-Agency Technical Committee (ITC) composed of the NAMRIA as the lead agency, the Bureau of Soils and Water Management (BSWM), the Forest Management Bureau (FMB), the LMB, the Land Registration Authority (LRA), the Protected Areas and Wildlife Bureau (PAWB), the MGB, the Philippine Institute of Volcanology and Seismology (PHIVOLCS), the DAR, the DA, the NCIP, the National Water Resources Board (NWRB), the Department of Energy (DOE), the National Disaster Risk Reduction and Management Council (NDRRMC), the NEDA, and other concerned government agencies. The ITC shall be constituted, and the mapping and spatial data infrastructure program shall be initiated within thirty (30) days from the effectivity of this Act. The program shall be responsible for the production of base and decision maps and associated spatial databases for all planning levels based on the guidelines of the NLUPC. Under the program, all government stakeholders concerned in the production of maps of various themes shall collaboratively formulate the government’s spatial data infrastructure master plan and respective government agency/stakeholders’ spatial data infrastructure plans which shall be the basis for subsequent funding and eventual project implementation and/or operation.

All pertinent and updated thematic maps/data from supporting agencies of the program shall be submitted to the NAMRIA for compilation and integration into a national geospatial database established under the program.

The NAMRIA shall finish its base mapping program within two (2) years upon the effectivity of this Act and provide updates thereof to support the implementation of the spatial data infrastructure program.

The spatial and non-spatial data generated by these activities shall be transmitted to the LGU as soon as practicable. Existing land information data available to the national government agencies as of the effectivity of this Act shall be immediately transmitted to the LGUs.

For purposes of uniformity and standardization, the LGUs, assisted by the appropriate agencies of the national government, shall likewise prepare their respective maps using scales, symbols, and other indicators to be prescribed in accordance with this Act. The completed maps shall be integrated in the NPFP, pursuant to Section 51 of this Act.

Sec. 69. Maps for Planning. – Within one (1) year after the NLUPC’s approval of the Guidelines and Standards for planning at all levels, available NAMRIA maps and all maps made available to the NAMRIA by supporting agencies shall be submitted to the

1 NLUPC for national, provincial, cities and municipalities planning. The NLUPC shall forward
2 these maps to the respective PLUPMBs and C/MLUPMBs after it has reviewed and
3 approved them.

4 Pertinent maps to be produced through the NMSDIP shall include, among others:

- 5 a) Topographic maps;
- 6 b) Geologic maps;
- 7 c) Hydrologic maps;
- 8 d) Climate maps;
- 9 e) Soils maps;
- 10 f) Slope maps;
- 11 g) Mineral resource maps;
- 12 h) Existing land use maps;
- 13 i) Land suitability maps for:
 - 14 a. Settlements;
 - 15 b. Agriculture;
 - 16 c. Industrial areas; and
 - 17 d. Others;
- 18 j) Agricultural maps:
 - 19 a. Network of NPAAAD;
 - 20 b. Commodity specific development guide maps;
 - 21 c. Land limitation maps;
 - 22 d. Cropping system zones maps;
 - 23 e. Hydro-ecological conditions maps; and
 - 24 f. Irrigation systems maps;
- 25 k) Land classification maps;
- 26 l) Municipal waters delineation maps and MPAs;
- 27 m) Geo-hazards maps:
 - 28 a. Flood-prone areas;
 - 29 b. Hazard zonation maps for volcanoes;
 - 30 c. Map of fault systems;
 - 31 d. *Tsunami*-prone areas; and
 - 32 e. Erosion-prone areas;
- 33 n) Tourism maps;
- 34 o) Transportation maps;
- 35 p) Traffic flow;
- 36 q) Maps designating areas served by:

- 1 a. Power;
- 2 b. Telecommunications; and
- 3 c. Water;
- 4 r) Maps indicating the following facilities:
 - 5 a. Health;
 - 6 b. Education; and
 - 7 c. Power;
 - 8 s) Domestic water supply;
 - 9 t) Industrial areas;
 - 10 u) Population distribution map;
 - 11 v) Ancestral domain map;
 - 12 w) NIPAS areas;
 - 13 x) Areas suitable for urban expansion;
 - 14 y) Watershed areas; and
 - 15 z) Forestlands:
 - 16 a. Protection areas;
 - 17 b. Production areas; and
 - 18 c. Restoration areas:
 - 19 i. Key biodiversity areas; and
 - 20 ii. Marine protected areas.

21 *Sec. 70. Ground Delineation of the Country's Permanent Forest Line.* – Pursuant
22 to the Constitution and hereby provided for under this Act, the final determination and
23 ground delineation of the country's permanent forest line shall be completed within one
24 (1) year from the effectivity of this Act: *Provided,* That appropriations for the fulfillment
25 of this provision shall be included in the annual appropriations of the DENR: *Provided,*
26 *further,* That the complete report of the delineation of the country's permanent forest
27 line shall be submitted to the NLUPC for appropriate integration in the country's strategic
28 land use development plan and policies.

29 *Sec. 71. Completion and Updating of Existing Cadastral Surveys.* – The
30 completion of incomplete cadastral surveys of LGUs and the updating of existing surveys
31 shall be given priority consideration and allocation of resources in the implementation of
32 this Act. The DENR shall include in its annual appropriations the completion and updating
33 of all incomplete and existing cadastral surveys of all LGUs in the country: *Provided,* That
34 such surveys and maps shall be integrated into the national spatial database information
35 and mapping system.

36 In cases of ancestral domains, self-delineation by ICCs/IPs of their ancestral lands shall

1 be employed to determine boundaries as provided for under the IPRA.

2 *Sec. 72. Ground Delineation of Land Use.* – For effective planning to take place
3 at the local level and for the easy enforcement of the ZO of each city/municipality, land
4 uses must be identifiable both on the map and on the ground. A joint committee
5 comprised of the LGU, as represented by its M/CLUPMB, and of the national government
6 agency concerned, to be assisted by the C/MPDC, shall identify and delineate on the
7 ground the land uses within their jurisdiction. The following shall be given priority:

- 8 a) Forestlands:
 - 9 a. Protection; and
 - 10 b. Production;
- 11 b) Ancestral domains;
- 12 c) NIPAS areas:
 - 13 a. Strict protection zone; and
 - 14 b. Multiple-use zone;
- 15 d) Watershed areas:
 - 16 a. Critical; and
 - 17 b. Multiple use;
- 18 e) Network of NPAAAD;
- 19 f) Socialized housing sites and settlement expansion areas;
- 20 g) Extents of environmentally-constrained areas;
- 21 h) Easement areas; and
- 22 i) Critical coastal areas:
 - 23 a. Mangroves; and
 - 24 b. Sea grass.

25 Critical marine resources should also be delineated both on the map and in the waters.
26 Perimeters of critical offshore areas, such as coral reefs, shall be marked in accordance
27 with the coastal resource management plans concerned.

28 All maps shall be updated as new important information and data become available or as
29 determined by urgent need. Updating of maps shall be undertaken not more often than
30 every ten (10) years.

31 *Sec. 73. National Geo-hazard Mapping Program.* – Within thirty (30) days
32 from the effectivity of this Act, a nationwide geo-hazard mapping program shall be
33 initiated jointly through the NLUPC by the PHIVOLCS, the Philippine Atmospheric
34 Geophysical and Astronomical Services Administration (PAGASA), the NAMRIA, the MGB,
35 and the DOE, in coordination with the NDRRMC, the Regional Disaster Risk Reduction
36 Management Councils, and other concerned government agencies. The program shall

1 include the generation of indicative geo-hazard zoning maps that will outline areas in the
2 Philippines which are prone to liquefaction, landslides, flooding, lahar, ground rupturing,
3 *tsunami*, river erosion, coastal erosion, sinkhole collapse, earthquake, lava flow,
4 pyroclastic flow, base surge, and other natural hazards.

5 For purposes of uniformity and standardization and in order to develop a safe-built
6 environment, the LGUs shall subsequently incorporate and integrate the generated geo-
7 hazard zoning maps into their respective CLUPs and ZOs. Said geo-hazard maps shall
8 serve as guide for all the LGUs in the preparation of their own hazards-constrained
9 development plans. The NPFP shall incorporate these geo-hazard maps.

10 All entities conducting infrastructure activities, including real estate and subdivision
11 projects and the development of tourist spots requiring an ECC, shall submit an
12 Engineering Geological and Geo-hazard Assessment Report (EGGAR).

13 *Sec. 74. Scope and Nature of Responsibilities of Other National Government*
14 *Agencies.* – All concerned national government agencies/bodies shall periodically report
15 to the NLUPC on the various activities and accomplishments on land use. Likewise, they
16 shall provide their respective sectoral/development plans and provide technical and
17 administrative support if called upon by the NLUPC for the implementation of the
18 provisions of this Act.

19 *Sec. 75. Submission of Annual Report on the Implementation of CLUPs and ZOs.*
20 – The local land use boards shall submit their annual report on the implementation of
21 their land use plans to their respective sanggunian which shall submit the same to the
22 RLUPCs for consolidation. The RLUPC shall thereafter transmit the consolidated reports
23 to the NLUPC for monitoring and evaluation.

24

25

26

27

CHAPTER IX TRAINING, EDUCATION AND VALUES FORMATION

28 *Sec. 76. Values Formation.* – In order to develop a well-informed, responsible and
29 committed citizenry who value the protection, conservation and development of the
30 country's limited land, and other physical resources, the State shall mandate the inclusion
31 of sustainable land use education or any subject related thereto in the curricula of
32 primary, secondary and tertiary education.

33 *Sec. 77. Information/Education Campaign and Capacity Building.* – The NLUPC
34 shall undertake a nationwide information/education campaign on land use and physical
35 planning to be implemented by local and national government agencies. The DILG and
36 concerned agencies shall formulate and implement a land use management capability

1 building program for national and local government officials, community leaders,
2 representatives of NGOs, POs, the religious sector, and the general public.

3
4 **CHAPTER X**
5 **INCENTIVES, SANCTIONS AND PENALTIES**

6
7 **ARTICLE 1. INCENTIVES AND AWARDS**
8

9 *Sec. 78. Formulation of a System of Incentives and Awards.* – The NLUPC shall
10 come up with a system of incentives and awards to LGUs that regularly update their
11 CLUPs/ZOs once every eight (8) years.

12 *Sec. 79. Priority in Giving Technical Assistance to LGUs.* – In providing technical
13 assistance and other forms of support related to land use management and
14 implementation of development plans, national government agencies shall give priority
15 to cities and municipalities with approved CLUPs and ZOs.

16
17 **ARTICLE 2. SANCTIONS AND PENALTIES**
18

19 *Sec. 80. Fine for Failure to Commence or Complete the Development of Agricultural*
20 *Lands with Approved Conversion Order.* – For agricultural lands with approved conversion
21 orders, the provisions of Republic Act No. 6657 (CARL), as amended by Republic Act No.
22 9700, shall apply. A landowner and/or the designated developer or duly authorized
23 representative who fail to commence and/or complete the development plan defined in
24 the conversion order shall be jointly and severally penalized. The following fines based
25 on the zonal value or the fair market value, whichever is higher of the land at the time
26 the fine shall be imposed:

- 27 a) Failure to commence within three (3) years from the date of the
28 conversion order:
- 29 a. Three percent (3%) for the first three (3) hectares;
 - 30 b. Ten percent (10%) for the next three (3) hectares; and
 - 31 c. Fifteen percent (15%) for the remaining area.

32 In such case, the order of conversion shall be revoked by operation of law. The land shall
33 revert to its original use as agricultural land and may be covered by the DAR through
34 compulsory acquisition for distribution to qualified beneficiaries.

- 35 b) Failure to complete sixty percent (60%) of the approved conversion plan
36 within a specified time frame shall result to the automatic revocation by
37 the DAR of the conversion plan on the undeveloped portion. The land shall
38 be reverted to its original use as agricultural land and may be covered

1 under the CARP for land distribution.

2 *Sec. 81. Persons Abetting Illegal Conversion.* – Any person initiating, causing,
3 inducing, or abetting illegal conversion with intent shall be punished with imprisonment
4 or a fine in accordance with Act No. 3815 or Republic Act No. 3019, or both, at the
5 discretion of the court.

6 If the offender is a public official or employee, whether elected or appointed, the penalty
7 shall also include dismissal from service, forfeiture of all benefits and entitlements
8 accruing to the public position, and perpetual disqualification to run or apply for any
9 elective or appointive public office.

10 If the offender is a juridical person, the penalty of imprisonment shall be imposed on the
11 president, chief executive officer, manager, chairperson and all the members of the
12 board, and other responsible officers thereof. The imposable fine shall be equivalent to
13 the zonal value of the land or forty percent (40%) of the shareholders equity, whichever
14 is higher. Furthermore, the land shall be forfeited in favor of the State and sold through
15 public auction. The proceeds of the sale shall automatically accrue to the Agrarian Reform
16 Fund.

17 *Sec. 82. Penalty for Reclassification of Protected Agricultural Lands and*
18 *Exceeding the Limit of Areas Allowed for Reclassification.* – Any person initiating, causing,
19 inducing, or abetting the reclassification to nonagricultural uses of protected agricultural
20 areas as defined in Section 13 hereof shall be penalized with imprisonment of twelve (12)
21 years or a fine of not less than one hundred thousand pesos (P100,000.00), or both, at
22 the discretion of the court.

23 If the offender is a public official or employee, whether elected or appointed, the penalty
24 shall also include dismissal from service, forfeiture of all benefits and entitlements
25 accruing to the public position, and perpetual disqualification to run or apply for any
26 elective or appointive public office.

27 If the offender is a juridical person, the penalty shall be imposed on the president, chief
28 executive officer, manager, chairperson and all the members of the board, and other
29 responsible officers thereof.

30 The same penalty shall be applicable to persons who will be responsible for exceeding
31 the limits set forth under Section 20 of the Local Government Code pertaining to
32 reclassification of lands.

33 *Sec. 83. Payment of Disturbance Compensation.* – Following the order of priority
34 stated in Section 22 of Republic Act No. 6657, as amended by Republic Act No. 9700,
35 agricultural lessees and share tenants, regular farm workers, seasonal farm workers,
36 other farm workers, actual tillers or occupants of public lands, collective, or cooperative

1 of the above beneficiaries, and others directly working on the land affected by agricultural
2 land use conversion, shall be entitled to the payment of disturbance compensation
3 equivalent to five (5) times the average of the gross harvests on the landholding during
4 the preceding five (5) calendar years or a certain percentage of the converted land,
5 whichever is higher, as determined by the DAR.

6 *Sec. 84. Authority to Impose Fines.* – The DAR shall have the authority to impose
7 the penalty provided under the preceding sections.

8 *Sec. 85. Withdrawal of Local Development Permits and/or Licenses.* – Upon
9 receipt of notice from the DAR, the concerned agencies, city or municipality shall
10 withdraw and/or revoke any development permit and/or other licenses that may be
11 necessary to develop the agricultural land subject of conversion.

12 *Sec. 86. Utilization of Fines.* – The fines collected under Section 84 hereof shall
13 automatically accrue to the Agrarian Reform Fund consistent with the provision of the
14 CARL.

15 *Sec. 87. Failure to Formulate, Implement and/or Enforce the CLUPs and ZOs.* –
16 Consistent with due process, the NLUPC, in coordination with the DILG, shall evaluate,
17 review, and recommend the filing of charges against local chief executives and other local
18 officials and employees responsible for the formulation, implementation and/or
19 enforcement of the CLUPs in the following cases:

- 20 a) Failure of the CLUPs/ZOs to conform to the guidelines provided in the
21 NPPF;
- 22 b) Failure to complete the preparation of the CLUP despite the availability of
23 funds, resources, and support by the sanggunian concerned;
- 24 c) Failure to provide appropriate budgetary allocation to effect its
25 implementation; and
- 26 d) Failure to implement and enforce the CLUP/ZO due to negligence of duty.

27 Any public official or employee, whether elected, appointed or holding office/employment
28 in a casual, temporary, holdover, permanent, or regular capacity, found to be responsible
29 for any of the foregoing acts, shall be punished with forfeiture of salaries and allowances,
30 and suspension from:

- 31 a) Three (3) to six (6) months, in case of noncompletion of the CLUP; or
- 32 b) Three (3) to six (6) months, in case of nonconformity with the NPPF; or
- 33 c) Six (6) to nine (9) months, in case of non-implementation of the CLUP.

34 Failure to comply with the provisions of the IPRA on the formulation of the CLUP shall be
35 penalized according to Section 72 of the IPRA.

36 *Sec. 88. Illegal Conversion of City or Municipal Parks, Communal Forests, and*

1 *Tree Parks in Subdivisions.* – Penalties in the amount of one hundred thousand pesos
2 (P100,000.00) to five hundred thousand pesos (P500,000.00) or imprisonment of six (6)
3 years and one (1) day to twelve (12) years, or both, at the discretion of the court shall
4 be imposed for each of the following offenses:

- 5 a) Illegally converting or causing the conversion of a city/municipal park,
6 communal forests, or tree parks within subdivisions established pursuant to
7 Presidential Decree No. 953 requiring the planting of trees in certain places
8 into other uses, including the construction of permanent buildings;
9 b) Destroying or causing damage to the timberlands and other forest products
10 found in the abovementioned forest and parks;
11 c) Setting the abovementioned forests and parks on fire, or negligently
12 permitting a fire to be set therein; and
13 d) Assisting, aiding or abetting another person to commit the offenses stated
14 in this section.

15 The offender shall likewise be imposed a fine equivalent to eight (8) times the commercial
16 value of the forest products destroyed without prejudice to payment of the full cost of
17 rehabilitation of the areas, as determined by the DENR.

18 The maximum penalty prescribed shall be imposed upon the offender who repeats the
19 same offense and double the maximum penalty upon the offender who commits the same
20 offense for the third time or more.

21 All improvements made therein, as well as all vehicles, domestic animals, and equipment
22 of any kind used in the commission of the offense shall be forfeited in favor of the
23 government.

24 If not suitable for use by the DENR, said improvements, vehicles, domestic animals and
25 equipment shall be sold at public auction and the proceeds from which shall accrue to
26 the Forest Conservation and Development Fund (FCDF).

27
28 **CHAPTER XI**
29 **TRANSITORY AND FINAL PROVISIONS**
30

31 *Sec. 89. Mandatory Review Every Ten (10) Years.* – The Congress shall undertake
32 a mandatory review of this Act at least once every ten (10) years from its effectivity or
33 as often as it may be deemed necessary to ensure that land use policies and guidelines
34 remain responsive to changing circumstances.

35 For this purpose, the Congress may call on to the NLUPC to undertake the necessary
36 researches and consultations.

37 *Sec. 90. Convening of the NLUPC.* – Within thirty (30) days from the effectivity of

1 this Act, the Chairperson shall convene the NLUPC. The Head of the NLUPC Secretariat
2 shall immediately assume his/her position.

3 *Sec. 91. Implementing Rules and Regulations.* – Within ninety (90) days from the
4 effectivity of this Act, the NLUPC shall promulgate its implementing rules and regulations
5 (IRR) including the rules on the selection of the members of the C/MLUPMB and the
6 PLUPMB. It shall take effect fifteen (15) days after its complete publication in the *Official*
7 *Gazette* or in at least two (2) newspapers of national circulation.

8 *Sec. 92. Congressional Oversight Committee on the Land Use Act.* – A
9 Congressional Oversight Committee on the Land Use Act shall be created. It shall be
10 composed of seven (7) members from the Senate and seven (7) members from the House
11 of Representatives. The members from the Senate shall be appointed by the Senate
12 President based on proportional representation of the parties or coalitions therein, with
13 at least two (2) Senators representing the minority. The members from the House of
14 Representatives shall be appointed by the Speaker of the House of Representatives, also
15 based on proportional representation of the parties or coalitions therein, with at least two
16 (2) members representing the minority.

17 The Oversight Committee shall function for a period of not more than three (3) years to
18 oversee the implementation of this Act. The secretariat of the Oversight Committee shall
19 be drawn from the existing secretariat personnel of the committees comprising the
20 oversight.

21 *Sec. 93. Transfer of Powers and Functions.* – The functions of the HLURB on
22 land use planning as provided for under Sections 5(a), 5(b), 5(c), 5(d), 5(e), and 5(f) of
23 Executive Order No. 648, series of 1991 and Executive Order No. 72, series of 1993, shall
24 be immediately transferred to the NLUPC and its appropriate subnational LGU structures,
25 except as provided in Section 55 hereof. Nothing in this Act shall be construed to transfer
26 or limit the functions embraced within the said provisions that pertain to or relate to
27 HLURB non-planning functions.

28 *Sec. 94. Appropriations.* – The amount needed for the initial implementation
29 of this Act shall be charged against the current year's appropriations of the NB-NLUC.
30 Thereafter, such sums as may be necessary for the continued implementation of this Act
31 shall be included in the annual General Appropriations Act.

32 *Sec. 95. Review of Existing Land Use Plans.* – Provinces, cities, and
33 municipalities with existing land use plans shall review, revise, reconcile, and harmonize
34 the same with the guidelines and standards issued by the NLUPC within one (1) year from
35 the effectivity of this Act.

36 *Sec. 96. Access to Information.* – Access to records and documents pertaining

1 to official acts, transactions, or decisions as well as to data used as basis for policy
2 development by the NLUPC shall be made available to the public.

3 *Sec. 97. Repealing Clause.* – Section 10 of the AFMA and Sections 447 (a2vii)
4 and 458 (a2viii) of the Local Government Code and their related laws and administrative
5 issuances are hereby modified by Section 13 hereof. The pertinent provisions of
6 Executive Order No. 648, Executive Order No. 72, series of 1993 and Executive Order No.
7 770, series of 2008. amending Letter of Instruction (LOI) No. 1350, are also modified
8 accordingly. Section 11 of the AFMA as to the penalty for agricultural inactivity and
9 premature conversion is also modified by Section 83 hereof. LOI No. 1350, series of
10 1983; Presidential Proclamation No. 2282, series of 1983; and all other general and
11 special laws, acts, decrees, executive orders, proclamations and administrative
12 regulations or any part thereof which are inconsistent with this Act are hereby repealed
13 or modified accordingly.

14 All republic acts, executive orders, rules and regulations, and other issuances or parts
15 thereof that are inconsistent with the provisions of this Act are hereby repealed or
16 amended accordingly.

17 *Sec. 98. Non-impairment Clause.* – Nothing in this Act shall be construed as to
18 diminish or, impair rights recognized, granted, or available to marginalized or the basic
19 sectors under existing laws including, but not limited to, Republic Acts Numbered 7279;
20 6657, as amended by Republic Act No. 9700; 8371; 8550; and 7942.

21 *Sec. 99. Separability Clause.* – If, for any reason, any section or provision of
22 this Act is declared unconstitutional or invalid, the other sections or provisions not
23 affected thereby shall remain in full force and effect.

24 *Sec. 100. Effectivity.* -- This Act shall take effect fifteen (15) days after its
25 publication in the *Official Gazette* or in at least two (2) national newspapers of general
26 circulation.

Approved,
