**AN ACT  
PROVIDING FOR THE SUMMARY TITLING OF REAL PROPERTIES USED AS  
PUBLIC-SCHOOL SITES**

**EXPLANATORY NOTE**

Education plays a vital role in the development of a nation. Not only does it stand as a foundation of our country's future leaders, but also, it provides the necessary preparations, skills, and even the character of our inhabitants to help themselves out of poverty and lead themselves into prosperity. However, the ends to be achieved will not come into fruition if the properties where public schools are situated are still subject to disputes such as frequent transfer of locations, revocation of donations of these lands and urban planning and development programs of the Local Government Units (LGUs).

The Department of Education's (DepEd) recent statistical data showed that there are still a number of untitled and unregistered public-school sites across the country. The state has no legal ownership rights over these lands. Most of these properties are owned by LGUs or are subject to lease agreements with private individuals.

Moreover, there are certain parcels of lands that cannot be the subject of transfers because of the lack of proper legal documentation to support such transfer of ownership by the DepEd. Hence, because of the lack of documents, the heirs of a deceased donor claim ownership over the subject property through the revocation of the original donation, which results in endless litigation prejudicing the public schools involved.

This bill seeks to address the need to acquire school sites on privately-owned lots and lots owned by the LGUs through donation, negotiated sale, expropriation or any other or any other modes of acquisition as provided by law. In addition, the proposed measure declares that DepEd will be the *prima facie* owner of all unregistered qualified school sites, thus, simplifying the process of land titling and registration in favor of DepEd.

This bill was originally filed by Sen. Francis G. Escudero during the Seventeenth Congress.

Furthermore, if enacted into law, this measure will enable the school authorities to have direct control and supervision over the land occupied by the public schools.

In view of the foregoing, the approval of this bill is earnestly sought.
