EXPLANATORY NOTE

District Engineering Offices or DEOs of the Department of Public Works and Highways (DPWH) are mandated to develop our country's infrastructure. They are the forefronts in executing infrastructure improvements in every legislative district.

There is however a need to streamline and re-number the DEOs to be consistent with the numbering of the legislative districts to ensure better service delivery and avoid confusion among stakeholders.

The bill seeks to renumber all the DEOs in the Province of Cebu to correspond with the numbering of the legislative districts to guarantee a more effective and accurate delivery of infrastructure projects in the province.

In view of the foregoing, approval of this measure is earnestly sought.
