Senate Bill No. 301

INTRODUCED BY SEN. JINGGOY EJERCITO ESTRADA

EXPLANATORY NOTE

The AFP Modernization Act was established to undertake reforms in the management of AFP personnel, among others. One of its main thrust was to be able to orient members of the AFP towards a people-oriented military service. While the existing undergraduate programs may serve to implement most of the AFP's task, the need to introduce a masteral studies program appears to be the next logical step to be able to further develop the AFP's skills.

As a key player in national development, the AFP must see to it that its members continually enrich themselves both in training and academic skills. The proposed masteral program will foster an environment set for higher learning and will train the younger officers to be effective military managers.

In view of the foregoing, approval of this bill is earnestly sought.
