**EXPLANATORY NOTE**

The tourism industry in the Philippines plays a significant role in the country's economy. To maintain and improve the performance of the industry, more funding needs to be channeled into tourism promotions, marketing and development activities spearheaded by the Department of Tourism.

This measure aims to provide necessary funds to the Department of Tourism by appropriating a portion of the fees collected from all passengers departing from all international airports in the Philippines. At present, the Department of Tourism is not among the recipients of these fees.

This bill, if approved, will contribute to the financing of tourism promotions, marketing and development activities of the Department of Tourism.

Approval of this measure is earnestly recommended
