Senate Bill No. 433

INTRODUCED BY SEN. JINGGOY EJERCITO ESTRADA

EXPLANATORY NOTE

Section 14 of Article XIII of the 1987 Constitution provides that the State shall protect working women by providing safe and healthy working conditions, taking into account their maternal functions, and such facilities and opportunities that will not only enhance their welfare but will also enable them to realize their welfare and full potential in service of the nation.

Filipinos, past and present, have proven their capabilities in all fields of human endeavor – in private business, in the professions, in arts, education, civic work and in public service. As a result, the Constitution further mandates the State to recognize the role of women in nation building. This mandate requires the State to give women opportunities that will enhance their welfare and realize their full potential in the service of the nation. Thus, in order to help our economy recover, the full potential of every Filipino must be realized. Every Filipino must be given a chance to be productive and play his or her part in building a nation we all can be proud of. Every one, especially women, must be given a chance.

This bill seeks to empower women by giving them the necessary assistance in order to attain their full potential in the service of the nation.
