#### EXPLANATORY NOTE

This bill seeks to convert the existing extension office of the Land Transportation Office (LTO) in the Municipality of Guimbal, Province of Iloilo into a Class "D" District Office.

At present, the existing LTO extension office is grossly understaffed, with only two (2) employees to handle an annual volume transaction of 2,992 for motor vehicle registration, and issuance and renewal of driver's license. The inevitable result is inefficiency and long-drawn delay in the work.

Due to the size of its clientele, which includes not only Iloilo City residents, but also those from the eastern part of the Province of Antique, and the increasing demand for better facilities necessary for a better quality of service, it is imperative that a bigger office and additional manpower be provided for the Municipality of Guimbal

In view of the foregoing considerations, early approval of this bill is earnestly sought.

  
MANUEL B. VILLAR, JR.
