EXPLANATORY NOTE

Republic Act No. 7353, Section 8, aims to provide ailing rural banks and supplemental capital until they have accumulated enough capital of their own or have simulated enough private investments. This section mandates that the Land Bank of the Philippines, the Development Bank of the Philippines or any government-owned or controlled bank or financial institution, shall subscribe to the capital stock of any rural bank from time to time.

The second paragraph of Section 8 further provides the graduated dividend rates to be paid to the Land Bank of the Philippines, the Development Bank of the Philippines or any government-owned or controlled bank or financial institution for their respective equity investments. These prescribed rates, however, have proven to be too onerous for the banks. There is a need for a more reasonable dividend rate to provide for and to help rehabilitate ailing rural banks.*
