SENATE  
S. B. No. 1316

RECEIVED

Introduced by Senator Miriam Defensor Santiago

EXPLANATORY NOTE

This bill seeks to provide a civil remedy for damages to persons injured as a result of the use of illegal drugs. To the extent possible, the cost of damage caused by the market for illegal drugs will be shifted to those who illegally profit from that market. This may deter those who have not yet entered into the distribution market for illegal drugs by establishing the prospect of substantial monetary loss. Illegal drug users will also be given an incentive to identify and pursue those who have provided them with illegal drugs in the past.

Through this bill a new cause of action is established in favor of any person or entity suffering damages or increased expense because of illegal drug use, including the illegal drug user himself, against any person or entity that sold or was in the chain of distribution of the illegal drugs used by the individual illegal drug user and any person or entity involved in the sale or distribution of the type of illegal drugs used by that individual. The bill sets forth certain exceptions, what damages may be recovered, rules on contributory negligence, contribution among joint tortfeasors, prejudgment attachments and other procedures.\*
