

FOURTEENTH CONGRESS OF THE REPUBLIC)
 OF THE PHILIPPINES)
 First Regular Session)

7 JUL 24 1999

SENATE
 S. B. No. 1351

RECEIVED BY: 

Introduced by Senator Miriam Defensor Santiago

EXPLANATORY NOTE

Presidential Decree No. 1986 which created the Movie and Television Review and Classification Board (MTRCB) does not authorize it to prescribe ratings for violence in television programming and rules for signals containing specifications for blocking violent programming in apparatuses with such technical capability. Neither thus Republic Act No. 7925, otherwise known as the Public Telecommunications Policy Act, give such authority to the National Telecommunications Commission (NTC) for broadcast operations of public communications entities.

On several occasions since 1975, the Journal of the American Medical Association has alerted the medical community to the adverse effects of televised violence on child development including an increase in the level of aggressive behavior among children who view it. A report dated May 1999 of the Harry Frank Guggenheim Foundation in the United States, reveals that there is irrefutable connection between the amount of violence depicted in the television programs watched by children and increased aggression among them.

This bill prescribes television violence rating codes for children and prohibits violent programming on television during certain hours. For apparatus equipped with technical capability for blocking signals, the bill authorizes the MTRCB and the NTC to jointly prescribe rules for transmission.*
