S. No. 1570

EXPLANATORY NOTE

This bill seeks to benefit the homeowners who are in default in the payment of their monthly amortization, not because of their own making, but because of the hardships brought about by the economic contraction that the country has had to face since the Asian financial crisis in 1997.

Republic Act 8501 was enacted in 1998 to remedy the problem but out of 181,349 defaulting accounts, only 19,612 have availed of the program. Of those that availed of the benefits of the program, about 40% are again in default. Since 1997 many of our countrymen have lost their jobs as many businesses closed shop and many have not yet fully recovered since the crisis begun.

This measure will save many of our countrymen who face the grim prospect of losing their respective houses from joining the ranks of the homeless, rescuing in turn a considerable part of the National Shelter Program.

Hence, approval of this bill is urgently sought.
