Senate Bill No. 1950

---

**INTRODUCED BY SEN. MANNY VILLAR**

---

**EXPLANATORY NOTE**

This bill seeks the establishment of the Mindanao Railways Corporation as a deliberate effort of the present government to hasten the development of the Mindanao region.

The Mindanao Railways Corporation, if created, will serve as a government instrumentality in providing railroad and transportation system for the whole island of Mindanao. The people from the South and traders from all over the land who have difficulties traveling and transporting their goods within and outside the island will be benefited. A railroad network crisscrossing Mindanao will considerably shorten the distance and/or travel of the people or the goods whose destination is the Visayas or Luzon, not to mention the opportunity to trade and transport huge volume of goods at the lowest cost.

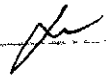

The experience of Japan, Canada, the United States and most of Europe whose railroad networks have enhanced national development, is sufficient encouragement for the railroad system in the South.

The establishment of said Corporation will spearhead Mindanao's economic take-off and become at par with the developed transportation of Luzon and Visayas.

In view of the foregoing, approval of this bill is thus requested.
