EXPLANATORY NOTE

This bill seeks to enhance, protect and improve the economic and social welfare of Day Care Workers.

While Republic Act No. 6972 or the Day Care Law concretized the State's recognition of the important role played by Day Care Centers in the development of the country's pre—school children, it still has to seriously address the welfare and conditions of the very service providers in the frontline of these centers. Considering the critical role they play in molding the character and personality of the children entrusted to them, it is a sad fact that Day Care Workers are not properly compensated for the work they perform. The meager monthly allowance of five hundred pesos (P500) as provided for by Republic Act No. 6972 is not commensurate to the service rendered by and' the skills of our Day Care Workers. They do not even enjoy security of tenure, as they have to secure their appointments from the politicians in whose jurisdiction they belong to. Enhancing their professionalism will be a difficult goal under these circumstances.

This measure then proposes that the State guarantee their tenure and provide them with the proper compensation befitting the status and role they perform. As they are charged with the responsibility of providing our children not only with pre—school training but a second family environment, our Day Care Workers should be supported in the best way the State could.

In view of the above premises, approval of this bill is earnestly sought.
