

FOURTEENTH CONGRESS OF THE)
REPUBLIC OF THE PHILIPPINES)
First Regular Session

8 MAY 28 P3:37

SENATE

RECEIVED BY: 

S. No. 2342

Introduced by Senator Manny Villar

EXPLANATORY NOTE

The opening of classes once again focuses our attention on the need to provide adequate protection to students in institutions of learning.

While we consider school as the second home of our children, school administrations have, often neglected to provide them with even basic facilities necessary for their health and safety.

Clean water and comfort rooms have always been a problem. These must be addressed to prevent illnesses which hampers the education of our children.

The bill seeks to address the situation by requiring a yearly inspection of school facilities by a team composed of the school administration, representatives of the parents, the student council and health and education authorities.

The bill further provides that a school shall not be allowed to increase its tuition fees unless such inspection is conducted and there be substantial compliance to the recommendation & the inspection team

With the passage of this bill, we hope to provide our children a healthy learning environment.
