S. No. 1021

Introduced by Senator Manuel "Lito" M. Lapid

EXPLANATORY NOTE

Section 7, Article XVI of the Constitution mandates the State to provide immediate and adequate care, benefits, and other forms of assistance to war veterans and veterans of military campaigns, their surviving spouses and orphans. The. State further recognizes the veterans as equal partners in nation building who possess potential capabilities for economic progress and not as mere recipients of government assistance. n line with the spirit of this provision, funds ought to be provided therefore and due consideration ought to be given to our veterans and their family. members. However, our veterans have yet to benefit from the implementation of this provision of the Constitution. It is, therefore, incumbent upon the State to guarantee that assistance rightly due to our veterans is provided for.

This measure is being proposed to recognize the invaluable contribution of the veterans as noble defenders of the State. Without whom, the nation and its people will not be able to enjoy the fruits of freedom and democracy today. Together with this recognition is the concrete intervention on the part of the State to compliment the invaluable devotion, patriotism, sacrifices, and gallant deeds of these veterans with the most responsive and continuing programs and projects for their care, benefits, and welfare.

This proposed measure seeks to extend preference of employment to any one of the children of veterans in the government, including government-owned and/or government controlled corporations to improve their socioeconomic security and wellbeing and of their kin and in by doing so our government will somehow realize its constitutional mandate of providing assistance to said beneficiaries without affecting the national budget.

In view of the foregoing, approval of this bill is earnestly requested
