

FIFTEENTH CONGRESS OF THE REPUBLIC)
OF THE PHILIPPINES)
First Regular Session)

SENATE

S. No. 1022

Introduced by Senator Manuel "Lito" M. Lapid

EXPLANATORY NOTE

This bill seeks to establish a Philippine Library of Congress to be referred to as the "Jose Rizal Library of Congress", which would be constituted by a wide array of literature linking us to the past while gluing us to the present. It would include not only statute books or accounts of Congressional proceedings of all our forms of governance, but would cover a comprehensive collection of historical and judicial documents, case laws, jurisprudence, research materials in many formats, books and pamphlets on every subject in various dialects and languages, maps, encyclopedias, photographs, motion pictures, video Sound and audio recordings and all other readings universal in scope covering art, science, history, technology, entertainment and the like.

Having observed the centennial of our independence in 1998, it would be opportune and fitting for us to consolidate the events of our history and preserve them for posterity. This can only be achieved by the establishment of a library which will serve not only as a testimony of our Stimulus to the questioning minds of our people who would like to be connected to the past and be attuned to the present.

Such a need would be answered by a library which provides continuing stimulus to the intellect.

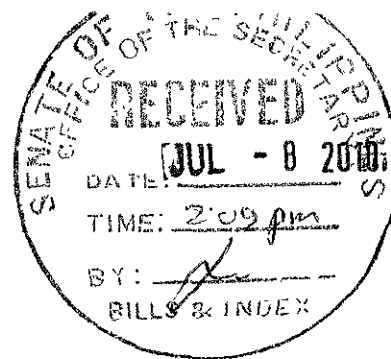

In this era of globalization and competition, there is a compelling need to provide easy access to our people who need to update their knowledge, information and training to make them more productive and competitive. This need can be answered by a library established by government with philanthropic support in the form of grants, donations and bequests.

It is time that attention be given to our libraries for not only would a library serve to catalyze and update knowledge, but serves as an enduring institution into intellectual empowerment.

Approval of this bill is earnestly recommended.
