

FIFTEENTH CONGRESS OF THE
REPUBLIC OF THE PHILIPPINES
First Regular Session

SENATE

Senate Bill No. 1059

INTRODUCED BY HON. MANNY VILLAR

EXPLANATORY NOTE

This bill seeks to establish the "Books For the Barrios Program" to give the Filipino youth, particularly those living in remote barangays, the chance for upward mobility through education not only by listening but also by reading.

The compulsory education of children is the government's responsibility. As a Constitutional mandate, the government has always given priority to education. But the necessity of having books as a tool for better education seems to have been overlooked. Most public elementary and secondary schools in remote barangays do not have a library or even a small reading area in the school premises for the simple reason that there are very few books or any reading material available.

Education is not only about learning how to read and write, it should be a continuous infusion of knowledge and information. Only by providing the environment for a steady process of intellectual growth gained through reading can the government truly achieve the objective of an effective education.

Approval of this bill is earnestly urged.
