

FIFTEENTH CONGRESS OF THE
REPUBLIC OF THE PHILIPPINES)
First Regular Session

SECRET
OFFICE OF THE SECRETARY

10 JUL -8 P4:35

SENATE

S. No. 1072

RECEIVED BY: 

Introduced by Senator Manny Villar

EXPLANATORY NOTE

The Philippines should not be made a dumping ground of goods of whatever kind, the manufacture and sale of which is prohibited in the country of origin.

There have been numerous reports that pharmaceutical preparations, insecticides, beauty aid preparations, weight control drugs and varied consumer items; the manufacture, sale or use of which is prohibited in the country of origin have found their way into the domestic market. Some cases have been established to have caused injurious effects to human life, livestock and vegetation. For sure, these foods have been banned in their country of origin because of the harmful effects of their use. This must be stopped.

This Bill seeks to eradicate this pernicious practice by requiring a clearance certificate from the proper government agency in the country of origin stating that the manufacture, sale or use of the goods covered by the certificate is not prohibited in that country. In addition, violation of the provisions of this act shall be penalized.

The well-being of our people and the preservation of our livestock and vegetation against uncontrolled and unscrupulous use of imported goods is the strongest argument for the passage of this bill.
