Senate Bill No. 1247

---

INTRODUCED BY SEN. MANNY VILLAR

---

EXPLANATORY NOTE

Republic Act No. 4670, otherwise known as the "Magna Carta for Public School Teachers", declares as a policy of the State, the promotion and improvement of the social and economic status of public school teachers. The law defines their living and working conditions, their terms of employment and career prospects in order that they may compare favorably with existing opportunities.

In support of said State policy, this bill seeks the creation and organization of a Philippine Teachers Bank that shall operate as a commercial bank available to the general public, but primarily to meet the financial and banking needs of all public school teachers. With a bank of their own, it is envisioned that said teachers shall have something to rely on their hour of financial difficulties.

The establishment of a Teachers Bank is conceived in the light of four (4) significant objectives:

1. To encourage members to save whatever extra earnings they have in a bank of their own.
2. To extend to its members credit facilities with nominal rate of interest to save them from the abuses of loan sharks.
3. To provide them with additional income in the form of dividends and similar monetary reward which the bank may declare from time to time.
4. To have an official depository of the Funds of the Philippine Public School Teachers Association (PPSTA) so that such deposits can be used to help members and further strengthen the financial conditions of the association and its members without additional levy on their part.

Immediate approval of the bill is earnestly sought.
