OF THE PHILIPPINES)
First Regular Session)

SENATE
OFFICE OF THE SECRETARY

SENATE
S. No. **1520**

RECEIVED BY: *AK*

Introduced by Senator Miriam Defensor Santiago

EXPLANATORY NOTE

The Constitution, Article 11, Section 13 provides that:

Section 13. The State recognizes the role of the youth in nation-building and shall promote and protect their physical, moral, spiritual, intellectual and social wellbeing. It shall inculcate in the youth patriotism and nationalism, and encourage their involvement in public and civil affairs.

Service to the community is a responsibility of all Filipinos, regardless of their economic level or age. Serving other builds self-esteem and teaches teamwork, decision-making, and problem-solving.

Students, from kindergarten to college, offer a powerful and largely untapped resource for community service. The government, therefore, should encourage students to engage in productive work with visible community benefits in a natural resource or human service setting, in order to give them a mix of work experience, basic and life skills education, training, and support services.

Children who become engaged in community service early will understand better the responsibilities of citizenship and often continue to serve the community into adulthood. To this end, this bill seeks to establish a program that will expand opportunities for students to serve their communities. ¹
