EXPLANATORY NOTE

The Civil Code, Article 1755 provides:

Article 1755. A common carrier is bound to carry the passengers as far as human care and foresight can provide using the utmost diligence of very cautious persons, with due regard for all the circumstances.

Health care has always been last among the priorities of many Filipino families. In many cases, a lot of our countrymen seek medical attention only if their condition is already at an Alcohol abuse and illegal drug use pose significant dangers to the safety and welfare of the public. In fact, recent studies conducted by the LTO, have demonstrated that the use of alcohol and illegal drugs greatly affects the performance of individuals, and is a critical factor in transportation accidents. The government should expend the greatest efforts to eliminate the abuse of alcohol and use of illegal drugs, whether on duty or off duty, by those individuals who are involved in the operation of commercial jeepneys, trucks, and buses. Hence, this bill seeks to provide for testing for the use, without lawful authorization, of alcohol or controlled substances by the operators of commercial motor vehicles in a manner which protects an individual's right of privacy and ensures that no individual's reputation or career development is unduly threatened or harmed.*
