

FIFTEENTH CONGRESS OF THE REPUBLIC )  
OF THE PHILIPPINES )  
First Regular Session )

OFFICE

10 JUL 22 P5:32

SENATE  
S. No. 1929

RECEIVED

Introduced by Senator Miriam Defensor Santiago

### EXPLANATORY NOTE

The abuse of illegal drugs and alcohol has been the cause of hundreds of accidents, crimes and deaths each year. In some cases, sharing of drug paraphernalia can cause the spread of a number of communicable diseases, including AIDS and Hepatitis C.

In Article 33 of the Convention on the Rights of the Child, all states agree to protect children from the illicit use of narcotic drugs and psychotropic substances and to prevent children from being exposed to the illicit production and trafficking of such substances. To effectively fulfill this obligation, the government must take cognizance of the fact that there are certain youth groups more vulnerable or susceptible to substance abuse. These youth groups may not have any access to formal institutional structures precisely because of their marginalized status. In order to reach out to these disenfranchised sectors of the youth, community-based programs which target these high-risk youth must be put in place. More often than not nongovernmental organizations have the experience and capacity to work at the grass-roots level.

This bill mandates the Department of Health to make grants that would assist such organizations in this noble cause, so that the youth may be saved from the debilitating effects of substance abuse and become competent partners in development.<sup>1</sup>
