S.B. No. **2106**

RECEIVED BY: 

Introduced by Senator FRANCIS G. ESCUDERO

EXPLANATORY NOTE

It is the moral obligation of Congress and its members to see to it that the State policies, ordained in the Constitution are translatable into tangible pieces of worthy legislation, especially, Constitutional injunctions which provides:

“The State shall, from time to time, review to upgrade the pension and other benefits due to retirees of both government and private sectors (Article XVI, Section 8).”

A survey conducted of retirees who opted to retire under Republic Act No. 1616 revealed that a majority of this class of retirees has been living in abject poverty, and many of them have to depend on dole-outs from close relatives and friends. Aged government personnel who retired need monthly pension because at their late age their opportunities of earning are already almost nil.

The lump sum they have received from RA 1616 was greatly eroded by economic slump and high cost of living. Their economic difficulties were further aggravated when our country suffers from devastating effects of natural calamities.

This Bill proposes the granting of monthly pension to government retirees who have availed of retirement benefits under RA 1616 when they reach the age of seventy (70).

In view of the foregoing, the immediate passage of this Bill is earnestly requested.
