SENATE
Senate Bill No. 2147

RECEIVED BY: 

Introduced by SENATOR PIA S. CAYETANO

EXPLANATORY NOTE

This bill seeks to declare the El Nido-Taytay Managed Resource Protected Area (ENTMRPA) in Palawan as a protected area.

The ENTMRPA, which covers 89,134.76 hectares, serves as a sanctuary to diverse terrestrial and marine life species. Found in the area are 16 bird species, nine of which are considered common, five uncommon and 1 vulnerable. Also, the ENTMRPA serves as a habitat for six species of large terrestrial mammals limited to the Philippines. Three main habitat types in the area include terrestrial forest, littoral zone and marine habitats.

Recognizing the value of the area, it was established as El Nido-Taytay Managed Resource Protected Area by virtue of Presidential Proclamation No. 32, dated October 8, 1998.

This bill, therefore, seeks to declare the El Nido-Taytay Managed Resource Protected Area as a protected area in order to protect it from indiscriminate exploitation and to be able to maintain its ecological balance.

Given the importance of biodiversity, it is deemed crucial that we act on these now to ensure that our children and the succeeding generations will inherit a living earth with all of its bountiful natural resources and vibrant wildlife.

In view of the foregoing, the passage of this measure is earnestly urged.
