*Explanatory Note*

This Bill seeks to upgrade the retirement benefits now found in various retirement laws for Members of the Constitutional Commissions, and the Ombudsman, by adding survivorship benefits for the surviving legitimate spouse of the said retirees equivalent to the monthly pension of the deceased retiree's lifetime pension.

Survivorship pension originally was an integral part of the retirement system for the Armed Forces of the Philippines. But this feature has been included in the revised general retirement system for civilian personnel administered by the GSIS by P.D. 1146 since 1977 or more than 18 years ago.

The enactment of this bill into law would be in consonance with the 1987 Constitution provision on the upgrading of retirement benefits (Art. XVI, section 8). It is also in keeping with the public purpose or rationale of the legislative grant of old age retirement pensions to qualified civil servants: *To entice capable men/women of proven probity, integrity and independence to enter and remain in the government service, especially in highly sensitive offices, discharging their duties faithfully and efficiently. Liberal retirement benefits would assure them of retirement with relative security after rendering almost a lifetime of public service, when they have lost their vigor or are already old or incapacitated by illness or other disability.*

Accordingly, the immediate approval of this bill is urged.
