Senate Bill No. 25

RECEIVED BY: *ja*

INTRODUCED BY SEN. JINGGOY EJERCITO ESTRADA

EXPLANATORY NOTE

Children's rights are violated in one way or the other despite the presence of existing laws. Although there are numerous and different laws that safeguard the rights of the children, including Republic Act No. 7610, otherwise known as the Special Protection of Children Against Child Abuse, Exploitation and Discrimination Act, children are still left unprotected, violated through various means, and are even considered as violators under the very law that sought to protect them.

In light of such compelling issue, the proposed bill comprehensively presents the necessary measures to protect children's rights and welfare particularly those involved in situations of armed conflict that are vaguely considered in the existing laws. The proposed bill seeks to provide for the comprehensive protection, rehabilitation, and reintegration of the children who have been involved in, displaced by and/or affected by armed conflict. Moreover, it seeks to establish child sensitive measures and treatment for children involved in armed conflict when they are rescued and demobilized.

Furthermore, with the recommendation of the United Nations Committee on Rights of the Child and the Council for the Welfare of Children, there is a convincing need for the amendment of RA 7610 to exclude the prosecution of children involved in armed conflict, thus treating them as victims, not violators of the law.

The bill, should it become a law, prohibits and penalizes the commission of grave child rights violation in armed conflict situation including killing of children, subjecting them to torture and other inhuman and degrading treatment or punishment, rape or abduction of children, other acts constituting gender-based violence against children, recruitment and involvement of children in armed conflict, and attack of schools, hospitals, places of worship, evacuation centers and settlements and other public places where children can usually be found. It makes liable not only the government forces but also other non-state armed groups for the violation of any provisions of the proposed law.

Children should no longer be subjected to violence, moreover, should be provided an environment that would nurture their hopes and dreams. This proposed measure will not only serve to protect their rights and welfare but also their hopes and dreams of a better future.

Hence, the immediate passage of this bill is earnestly sought.
