#### EXPLANATORY NOTE

This bill seeks to declare the Lidlidda-Banayoyo Protected Landscape in Ilocos Sur as a protected area.

The Lidlidda-Banayoyo Protected Landscape, which covers 1,157.4379 hectares, is composed of brushland and open grassland. The Lidlidda-Banayoyo Protected Landscape bears natural features suitable for recreational and educational purposes, as well as a watershed which provides the agricultural and household water requirements of the communities within the Municipalities of Lidlidda and Banayoyo in the Province of Ilocos Sur. This area also serves as a home for a variety of wildlife including all those categorized as indigenous forest tree species.

Recognizing the value of the area, the Lidlidda Spring Watershed Forest Reserve was established by virtue of Presidential Proclamation No. 79 on August 17, 1936. Later, the area was proclaimed as the Lidlidda-Banayoyo Protected Landscape by virtue of Presidential Proclamation No. 266 on April 23, 2000.

This bill, therefore, seeks to declare the Lidlidda-Banayoyo Protected Landscape as protected in order to protect it from indiscriminate exploitation and to be able to maintain its ecological balance and preserve its source of water supply.

Given the importance of biodiversity, it is deemed crucial that we act on these now to ensure that our children and the succeeding generations will inherit a living earth with all of its bountiful natural resources and vibrant wildlife.

In view of the foregoing, the passage of this measure is earnestly urged.
