Senate Bill No. 369

RECEIVED BY: 

INTRODUCED BY SEN. JINGGOY EJERCITO ESTRADA

EXPLANATORY NOTE

Water is the wellspring of life. Throughout history, civilization has been born beside rivers, waterways and ocean. For water brings not only sustenance but life itself.

With the archipelagic nature of our country, it is regrettable that some of our barangays are still without potable water supply system.

This bill seeks to provide for an accelerated program for the construction of a potable water supply system in every barangay in the country. Through this proposed measure, it is hoped that the government will be able to address the health needs of our people in the rural areas.

Immediate passage of this bill is thus earnestly recommended.
