S. NO. 483

Introduced by Senator Antonio "Sonny" F. Trillanes IV

EXPLANATORY NOTE

Republic Act No. 8291 or the Government Service Insurance System (GSIS) Act of 1997 was enacted to expand and increase the coverage and benefits of GSIS members. Despite the provisions stipulated therein, GSIS is continuously hounded by complaints from members due to its failure and inefficiency to provide the benefits for its members. These complaints include the undue delay in the processing and delivery of the members' benefits; alleged inefficiency in updating members' records, non-posting or delayed posting of premium remittances causing underpayments or non-payment of dividends, and non-deduction of loan remittances; and problematic issuance of an E-Card Plus and implementation of Claims and Loans Interdependence Policy (CLIP), which appears to be very onerous as it affects housing loans and retirement benefits of members.

One of the leading complaints against GSIS came from the public school teachers who were labeled as "delinquent members" per records of GSIS, despite the fact that payments for their loan accounts and GSIS premium contributions are regularly deducted every month from their salaries and these deductions are reflected on their monthly payrolls.

In view of the foregoing considerations, the proposed bill seeks to protect and promote the welfare of our government employees. It institutionalizes the rights of GSIS members, including the right to courteous and responsive service, right to information, right to GSIS benefits, right to expeditious processing of claims, and right to be heard.

This law also increases the composition of GSIS Board of Trustees to include the Secretary of the Department of Education and the Chairman of the Civil Service Commission. This increased representation will hopefully provide teachers and other government employees better opportunity to air their concerns and effect solutions to their problems.

Approval of this bill is therefore earnestly requested.
