EXPLANATORY NOTE

This bill mandates the establishment of crisis centers for street children all over the country. The rights and welfare of Filipino children are governed by several existing laws and policies on children such as: 1) RA 7610 also known as the Special Protection of Children Against Child Abuse, Exploitation and Discrimination Act; 2) RA 9231 also known as the Act Prohibiting Employment of Children in Hazardous Areas; 3) PD 603 or the Child and Youth Welfare Code; 4) RA 9262 or the act Defining Violence against Women and their Children; 5) RA 9231 or the Act Providing for the Elimination of the Worst Forms of Child Labor and Affording Stronger Protection for the Working Child; 6) RA 9344 also known as the Act Establishing a Comprehensive Juvenile Justice and Welfare System; and 7) RA 9208 or the Act to Institute Policies to Eliminate Trafficking in Persons Especially Women and Children. However to date, there is no specific law that addresses the special conditions and needs of street children.

Under this bill, the crisis centers to be established in every city or municipality shall have a comprehensive program that will provide various services such as temporary shelter, emergency medical and feeding programs and basic education. This provision of services shall be implemented by the Department of Social Welfare and Development (DSWD), in close consultation with the local government units concerned. Moreover, this measure will assist in providing street children the means to uplift their conditions and take them out of the streets through programs that will equip them with livelihood, technical and social skills.

Finally, this proposed measure authorizes the implementing agency to accept donations and grants from local and international organizations in order to supplement the appropriated funds for the establishment, maintenance and operation of the street children crisis centers. These funds will be distributed accordingly to the various crisis centers within the city or municipality. The additional funds will ensure that a higher number of street children will be provided the necessary attention and assistance.

In view of the foregoing, the immediate passage of this bill is earnestly sought.
