SIXTEENTH CONGRESS OF THE REPUBLIC OF THE PHILIPPINES First Regular Session

SENATE

s. No. <u>127</u>5

RECENT DESY:

Introduced by Senator Manuel "Lito" M. Lapid

EXPLANATORY NOTE

The cultivation of high value crops is key to the modernization of the country's agricultural sector. However, our extremely fragmented farm sector leaves farmers with no access to technology and capital and financial resources that would enable them to engage more profitably in the production of high value crops.

This bill promotes the attainment of economies of scale by encouraging the adoption of cooperative system in the consolidation of small landholdings. Further, the participation of the corporate sector in the production of high value crops is encouraged.

In view of the foregoing, early passage of this bill is earnestly requested.
