### EXPLANATORY NOTE

Article 2, Section 17 of the Constitution provides that the "State shall give priority to education, science and technology, art, culture, and sports to foster patriotism and nationalism, accelerate social progress, and promote total human liberation and development."

Our country has gained as much success as our athletes have when participating in international sports. Filipino athletes are a source of national pride. They deserve more than the admiration of our citizens. Their efforts should not go unnoticed.

This bill seeks to provide retirement and health benefits to Filipino athletes who have brought honor to the country. This bill also provides a monthly pension to former world champions as well as hospitalization and medical benefits. This bill will also encourage other citizens to join in increasing their overall health through sports and sports competitions.

In view of the foregoing, approval of this bill is sought.
