Senate Bill No. 1534

RECEIVED BY: ja

INTRODUCED BY SEN. JINGGOY EJERCITO ESTRADA

EXPLANATORY NOTE

The prevalence of crimes against women has created a frightening and traumatic experience upon the person of every Filipina. It leaves a devastating effect not only on their physical but on their emotional and mental being, as well, which at times, is irreversible. This in turn, impairs the woman-victim's ability to live normally and productively as a citizen of this nation.

The continuous occurrence of increasing violence perpetrated against the female populace results not only to meaningless loss of lives but also affect our nation's efforts in the establishment of a just and humane society committed towards sustained development and progress.

This bill seeks to equip women with a means to defend themselves against all forms of assault. Because not until we have implemented and enhance the mechanism by which we protect our female population, the government will have no more chance of doing a noble job to empower each and every Filipina out there.

Thus, the approval of this bill is urgently requested.
