Senate Bill No. 1587

RECEIVED BY: *ji*

INTRODUCED BY SEN. JINGGOY EJERCITO ESTRADA

EXPLANATORY NOTE

The 1987 Philippine Constitution, Article II, Section 17 provides that:

"The State shall give priority to education, science and technology, arts, culture and sports to foster patriotism and nationalism, accelerate social progress, and promote total human liberation and development."

Our schools must prepare young people for their active participation in community life and in a democratic society. This is not possible without knowledge and understanding of humanities.

In order to ensure that our children acquire the necessary conceptual and analytical skills and have an appreciation for the traditions and values of our culture, studies in the humanities are essential. However, it is not possible to accomplish this goal unless our teachers have the necessary background and training in humanities.

Hence, it is the purpose of this bill to authorize a national program for the establishment and operation of Teacher Institutes for the enhancement of the humanities knowledge of private and public elementary and secondary school teachers.

The early passage of this bill is earnestly recommended.
